## Career and College Readiness

# Parent Permission for Student Travel Involving Student Transportation

To the Parent/Guardian:

Your son/daughter is participating in a Career and College Readiness Program through the Northshore School District. For all of our special out-of-district building programs, students must provide their own transportation voluntarily if they choose to participate in the training. Inter-district transportation is provided only to Northshore School District students traveling to and from Northshore School District high school locations. Additionally, school district transportation is unable to be provided for all of the field trips or the "field time" segments of the class in which your son/daughter may elect to be involved. Examples of "field time" could include, but are not limited to, the following: on-site work experience or "shadowing;" attendance at program-related conferences, competitions, seminars, workshops; pick-up or delivery of supplies or goods; and clinical experience.

It is very important that the student and the parents/guardians understand that students who use private transportation for any of the above activities during the school day or in the course of the listed school events and activities are subject to the responsibilities and rights of their home school and of the school offering the instructional program, as well as associated disciplinary procedures.

In all cases where school district transportation is available, we highly recommend to students that they use it. If the student elects to participate in any of the above-mentioned "field time" experiences or special out-of-building/district programs, then he/she may elect, **IF PERMISSION IS GRANTED BY THE PARENT/GUARDIAN**, to use private transportation. In such cases, the teacher will instruct the student who is driving as to the general route to and from the assigned destination, require written assurance from the student/parent that he/she has a valid Washington State driver's license, a current liability insurance policy, and parent's/guardian's permission (see below). Should questions arise, parents/students are urged to talk to the instructor.

If your son/daughter will at any time be utilizing (driving/riding) private transportation, the following must be completed:

**I grant permission for** (Student Name) \_\_\_\_\_ **to travel to and from special programs and/or assigned field sites by the following means:**

Please **CIRCLE** your choice of **YES** or **NO** for **each** option

**Yes**    **No**    **Travel (drive) alone by private automobile**

**Yes**    **No**    **Travel (accept rides/carpool) by private automobile**

**Yes**    **No**    **Drive private automobile and transport other students**

**Yes**    **No**    **Walk in immediate area to field site(s)**

The Northshore School District assumes no responsibility for the transportation of the student in the special program(s) or "field time" experiences listed above. As the parent/guardian of the above-named student, I/we release Northshore School District from any and all claims, damages, or action which may arise out of an accident or injury resulting from the voluntary transportation utilized for these special programs(s) or "field time" experiences. I/We further agree to indemnify and hold harmless the Northshore School District from any and all claims, demands, or actions for damages or injury to person or property from the occurrence of any such accident.

If I/we have circled above that our son/daughter will be driving an automobile, we are assuring the Northshore School District (by evidence of our signature below) that our son/daughter possesses a currently valid Washington State driver's license and that we/he/she are insured to a proper limit.
