Instruction

Acquired Immune Deficiency Syndrome (AIDS)

Amity Regional District No. 5 will provide planned, on-going, and systematic instruction on acquired immune deficiency syndrome (AIDS). The curriculum for the instruction about AIDS shall be based upon a written philosophy and contain goals and objectives which address the students' developmental needs. Instruction must be offered over the course of the Grade 7-8 sequence and the Grade 9-12 sequence.

Any student will be excused from such instruction upon the written request of his/her parent or guardian. Such request will be addressed to the school Principal and placed in the student's program file.
