STATE OF CONNECTICUT
DEPARTMENT OF PUBLIC HEALTH

Manisha Juthani, MD
Commissioner

Ned Lamont
Governor

Susan Bysiewicz
Lt. Governor

Environmental Health & Drinking Water Branch

DWS Circular Letter #2021-78

TO: **Public Water Systems and Certified Operators**

FROM: Lori Mathieu, Public Health Branch Chief, EHDW Lori J. Mathieu '21

DATE: September 21, 2021

SUBJECT: Tier 1 Written Notification (in three most predominantly spoken languages)

The Connecticut Department of Public Health (DPH) Drinking Water Section (DWS) are asking Public Water Systems (PWS's) and Certified Operators to review the following materials on the passage of the Public Act 21-121 which has been signed by the Governor on July 6, 2021.

Effective October 1st, 2021; section 83 (of Public Act 21-121) requires water companies to produce Tier 1 written notification to customers in the three most predominant languages spoken in their service area. Public notices are required by State and Federal regulations to communicate water quality or quantity issues or concerns with customers. This new requirement will assure health equity by ensuring that most if not all customers of the community served by the water company are adequately notified of drinking water precautions that need to be exercised by the consumer. In addition, the water company must update its emergency response plan to note in which languages such communications will be offered.

The Department is exploring internally what resources may be available to assist in the efforts in accommodating this requirement with an expected follow-up to be provided; however, this exploration does not prevent this requirement from going into effect. Public Water Systems should begin to research and develop materials to achieve the extent of section 83 of Public Act 21-121.

To review the entire Public Act 21-121 please see the following link:
https://www.cga.ct.gov/2021/ACT/PA/PDF/2021PA-00121-R00HB-06666-PA.PDF

c: Deputy Commissioner Heather Aaron, MPH, LNHA, Department of Public Health
Local Health Directors

FY 21-22

REVENUE		
	Budgeted	Collected/Billed
Total Water	$ 2,828,000.00	$ 829,947.29
Total Sewer	$ 2,930,500.00	$ 551,269.53
	$ 5,758,500.00	$ 1,381,216.82
Expenses - Water		
	Budgeted	Expended
Total Water	$ 2,828,000.00	$ 462,202.05
Encumbrance		$ 192,147.79
		$ 654,349.84
Expenses - Sewer		
	Budgeted	Expended
Total Sewer	$ 2,930,500.00	$ 512,699.54
Encumbrance		$ 256,129.59
		$ 768,829.13

Total Combined Water & Sewer Budget $ 5,758,500.00

Attached are copies of the Water & Sewer Budgets

Conversion from CUSI to Munis is moving along well. We will be going Live in Munis within the next 2 weeks. We will be parallel taking payments & Billing to make sure everything is running properly.
The Auditors will be here the end of the month to perform the yearly audit for FY21.

End of Report

Putnam WTP OCTOBER 2021

Administrator's Report
October 2021 meeting

- Construction of the maintenance building and the solar field projects are both moving forward. The foundations for the building and the generators were poured a couple of weeks ago. The floor of the building and the pipes for tying into the different utilities are now in place. The soil at the well field and the sewer plant was tested for the solar panels. An I-beam was driven into the ground in different locations and the beam was tested for its strength in the ground. Each location passed the necessary tests.

- We had a water-line break in downtown, across from the Irish Pub. Apparently, an old water-line connection (that the maintenance crew believes was from an old fire station that was in the location years ago) finally broke. We did a night dig to avoid any problems with the traffic and parking. Repairs were made, with minimal disruption to the downtown area. We were fortunate that the use of our camera system allowed us to pinpoint the break area fairly quickly, which made repairs easier.

- We have been notified by the State of Connecticut (Drinking Water Branch) that if we have a Tier 1 violation that needs to go out as a written notice, we will be required to send the notice in three of the most predominantly spoken languages of our community. We are researching, to determine which three languages to use.

- The Maintenance Department finished its October hydrant flushing last week. Everything went well. There were just a couple of hydrants that had some decolorization in them. Overall, flushing twice a year is working well for both the WPCA and for our customers.

Putnam WWTP OCTOBER 2021

Putnam Wastewater Report for the October 2021 meeting

- All required sampling, testing, laboratory analysis, and reporting had been completed for the wastewater treatment plant.
- The wastewater facility operated in full compliance with permit limits.
- We received 578,804 gallons of septage in September.
- We successfully treated 28,500,000 gallons of wastewater in September.
- Average effluent concentrations for BOD & TSS were 5.8 mg/L & 5.0 mg/L respectively for September. This is well below the NPDES permit average limit of 30.0 mg/L for them.
- Nutrient concentrations were running a little high for both Phosphorus & Nitrogen last month. This was due in part to some heavy rain events that temporarily reduced alkalinity. We stayed well within compliance and things have already turned around.
- No odor complaints had been received.
- We had 34 Call before you dig mark outs in September.
- A total of 4,800 feet of sewer line had been jetted in September. Pall Corp, Franklin, Thompson Ave, and Union
- We continue to move forward with the upgrades on the generators and building project.
- We used the robotic camera to successfully locate a water leak near a storm drain. Drafted up a simplified SOP for the operation of the robotic camera. The vendor operating manual is too in depth and big for using in the field. The simplified SOP uses pictures and photos to best illustrate the fundamental procedures of using the camera.
- As of October 1st, we turned off our UV system as required by our NPDES Permit.
