ASSESSORS

It is the duty of the City Assessor to administer the laws of the State of Connecticut and the ordinances and charter of the City of New Britain concerning the assessment and exemption of property for the local property tax. Primarily, the law requires the assessor to produce the Grand List of real estate, personal property and motor vehicles. The Assessor must maintain records which describe the listed property and which show the valuation of the property. The statutes require specific methods of listing and valuation as well as numerous exemptions and abatement programs. The department focuses on three main functions: grand list, taxpayers exemptions and is the library to attorneys, appraisers, credit bureau's, etc. The website used by this office is www.visionappraisal.com.

The Board of Assessment Appeals meets twice per year, September and March, exclusive of any authorized extension of the statutory deadlines.

TAX COLLECTOR

The Tax Office is responsible for all aspects of City property taxes' collection. This involves everything from generation and sending of bills (and statements), to management of tax related online databases, and daily interaction with the public ~ electronic, in person, via phone or regular mail. Tax Collector is also responsible for placing liens on unpaid real estate and recording same with Town Clerk. This is done in early spring with releases recorded monthly as accounts are paid up. Delinquent Motor Vehicle data is forwarded to the Dept. of Motor Vehicle after each collection period. Subsequent "take off" files are sent monthly to remove paid up accounts. Jeopardy tax collections (on entities going out of business) are made as expeditiously as possible to effect possible collection. Utilizing Collection agency for delinquent motor vehicle and personal property accounts is done for the very same reason. Bankruptcy court notices are checked for outstanding taxes and proof of claims filed where applicable. Inquiries from Corporation Council w/respect to outstanding taxes are also handled relevant to any pending lawsuits filed against the City of New Britain. Monthly reports are prepared for the Common Council. These include any and all credits/corrections or overpayments that result in properly approved tax refunds to be processed by the Tax Collector.

Data files are generated and posted for third party escrow servicers twice a year: 1st in June (for July bill coding and payment) and 2nd in January (for balance payoff).

DEPARTMENT OF PUBLIC WORKS

Beginning July 1, 2012, Fiscal Year 2013, the City of New Britain's Public Works Department was reorganized to combine the four City departments that had the primary responsibilities of managing the City's non-school related infrastructure and assets. Specifically this involved the merging of the Public Works, Parks and Recreation, Property Management, and the Water Departments, and reorganizing them into five divisions under the Public Works Department. The reorganization was done to gain efficiencies, eliminate redundancies, and to maintain services with a reduced staff with the ultimate goal of saving the City money. The reorganization resulted in the Public Works Department becoming the City's largest department in terms of staff size and operating budget, and involves an incredibly diverse range of responsibilities and services. From the management of Stanley Golf Course and the City's parks, to the management of the City's water and sewer utilities, the management of over 160 miles of City streets, managing recreational programs like Camp TotalRec, the City's pools, and the annual fireworks, all these services, and many others, fall under the Public Works umbrella. As such, the services the Public Works Department perform every day effect every person that either lives, visits, or does business in the City.

The five divisions of Public Works Divisions include:

1. Administrative Division
2. Field Services Division
3. Fleet And Facilities Division
4. Utilities Division
5. Recreation Division

The brief description about each division, their responsibilities, and staffing is follows.

PUBLIC WORKS – ADMINISTRATIVE DIVISION

The Administrative Division of Public Works focuses primarily on the following areas: providing vision and leadership, coordination and oversight for the overall department, the management of the department's budgets, providing engineering support including the management of capital projects, and the management of the City's right-of-way.

Principal Activity Officials:

Mark E. Moriarty, P.E.
Director of Public Works

Joyce Zukowski
Administrative Services Officer

Robert Trottier, P.E.

The right-of-way management staff in the Administrative Division of Public Works provides quality surveying, mapping, record-keeping and administrative enforcement of City rights of ways including sidewalk snow removal notices and development of mapping and rights of way access permits and fees.

The water system alone consists of six reservoirs, three wellfields, pumping stations, treatment facilities and a very extensive piping system. Conservatively, the system has a storage capacity of 2,676,572,000 gallons. In order to have this much capacity, it was necessary to acquire land outside of the City. This has been done over the years and at present the department owns six thousand six hundred ninety-two acres outside the City limits.

This division of Public Works is funded through an enterprise fund for the water side of this division, and a special revenue fund for the sewer side of this division, and the fee associated with both utilities is listed in the special revenue section of the FY 2014 budget.

The Commission is a resource agency on matters relating to persons with disabilities for all City departments, commissions and boards on subjects ranging from advice on federally mandated programs to specific recommendations concerning access to public facilities and job opportunities. The Commission gathers the latest information on regulations, legislation and other materials which might benefit persons with disabilities. The Commission also determines conditions, any needs in the community with regard to architectural barriers, transportation, public education, publicity, housing, employment, recreation, health and other matters.

In addition Community Services Division staff completes over 1,000 applications each year for the Renter's Rebate program, which as of 2007 is under the purview of the Commission. Also, the Commission operates a lift-equipped dial-a-ride system for all transportation disabled residents. Currently, this is a shared vehicle with the Senior Center through a grant from the Department of Transportation. Annually, the Commission organizes the "Abilities Walk and Roll" event, ADA Celebration, and Employment of Persons with Disabilities Awards Breakfast.

In summary, the Commission on Persons with Disabilities provides a vital service to persons with disabilities in various educational, employment, housing, transportation, recreation, and advocacy services.
