I am so excited to announce that Kaufman ISD has received an academic rating of **"A"** from the Texas Education Agency! This extraordinary accomplishment is due to dedicated, loving, and professional teachers, administrators with high expectations, support staff who work along side us, parents that send us their very best, and a community that lifts the district up!

The TEA will not grant an A rating unless ALL campuses in the district meet their threshold for success. Congratulations to Kaufman High School and Gary Campbell High School for also reaching their goals of attaining an **"A"** rating!

The state accountability system does not take into account all the great things that school districts are accomplishing outside of academics. But, for us, this recognition validates the following:

- Our students are being prepared for successful futures.
- Low income schools can achieve at the highest levels.
- Goals can be accomplished if we all work together.

Thanks for everything you do to support our school district! Our success is your success.
We're all in this together!

Sincerely,

Dr. Lori Blaylock
Superintendent
