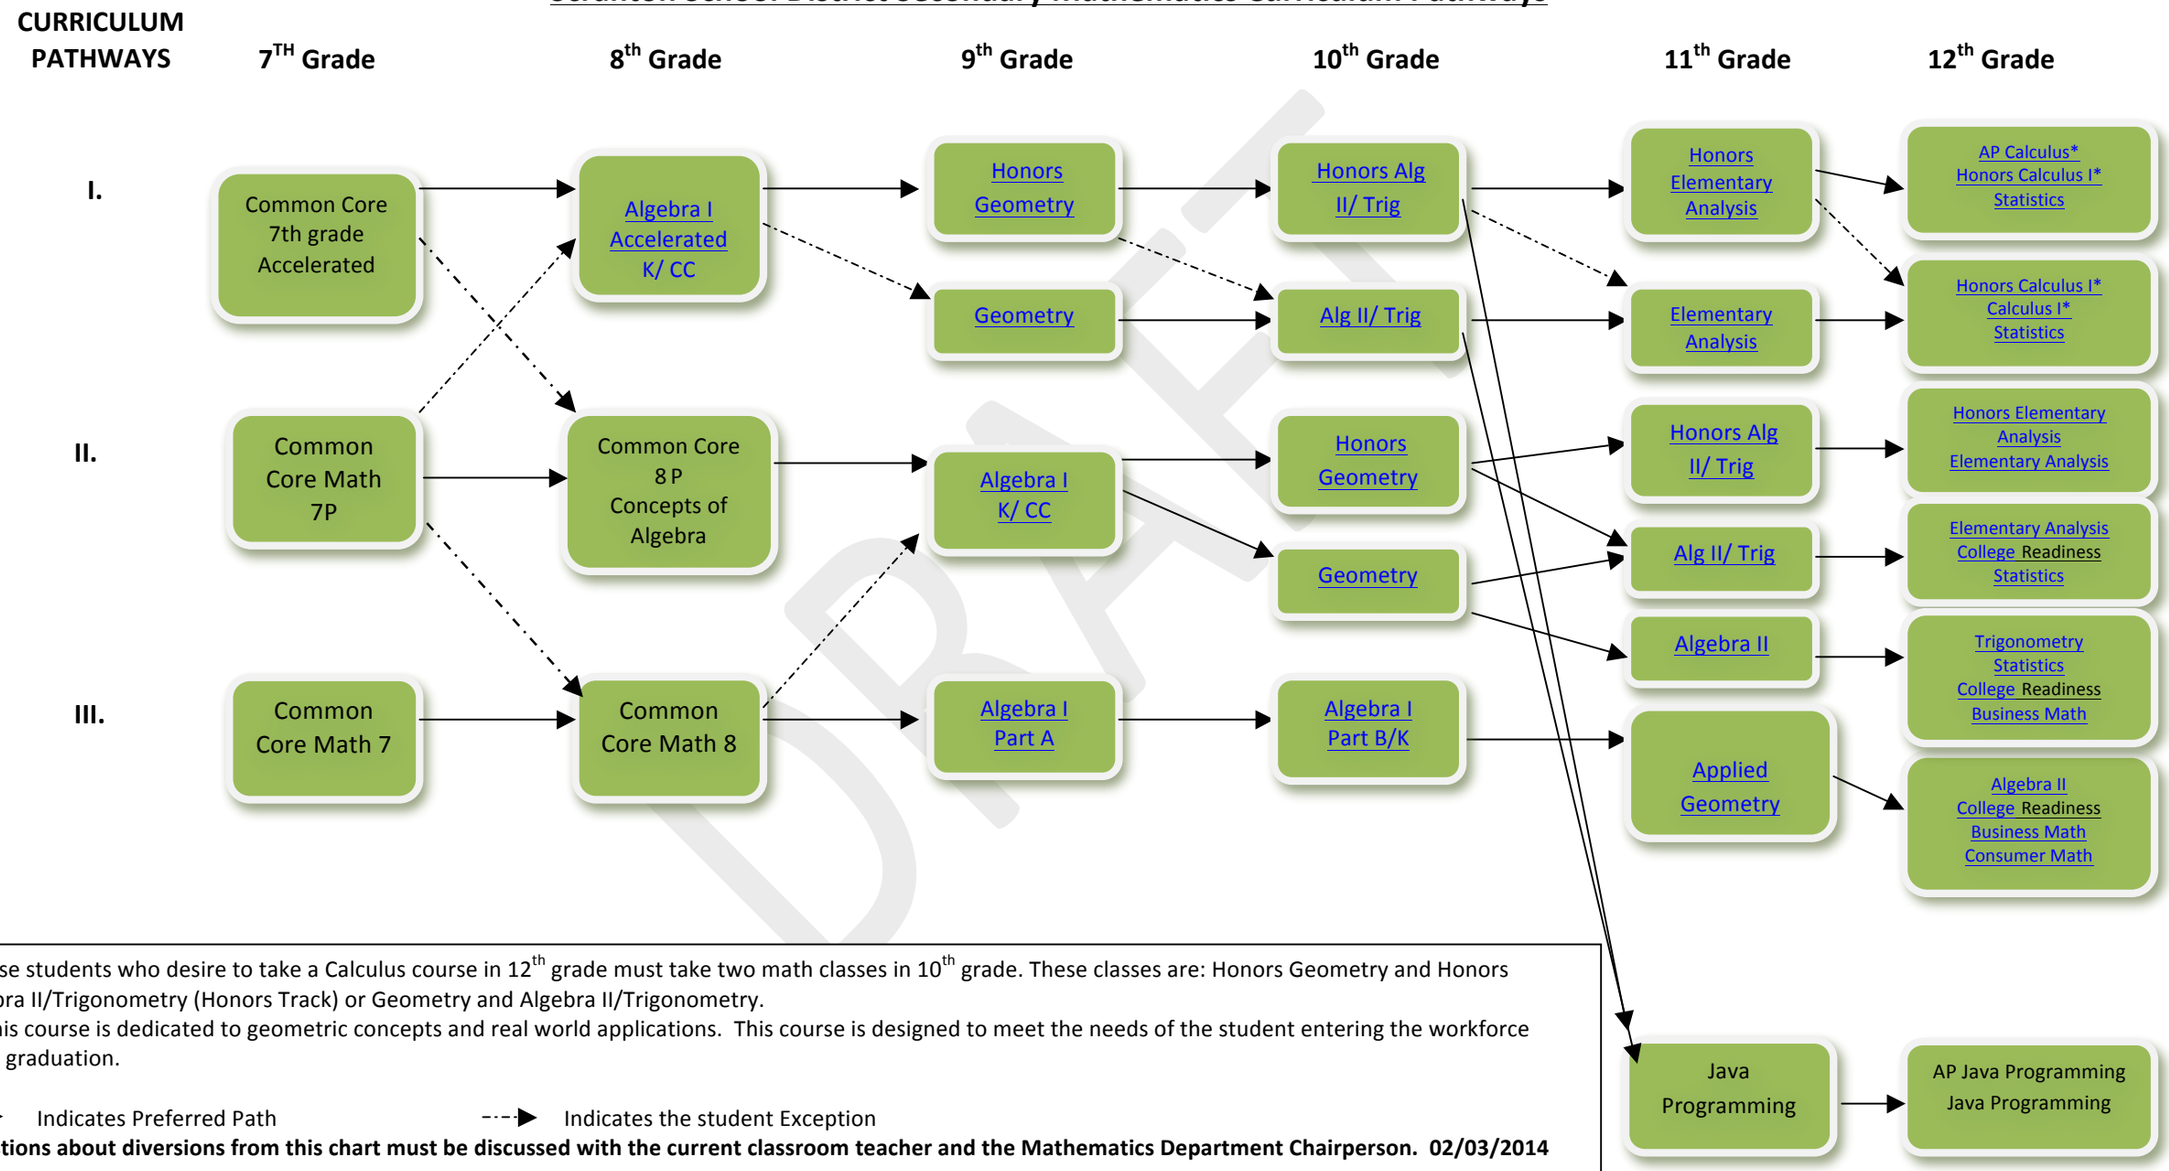
Scranton School District Secondary Mathematics Curriculum Pathways



*Those students who desire to take a Calculus course in 12th grade must take two math classes in 10th grade. These classes are: Honors Geometry and Honors Algebra II/Trigonometry (Honors Track) or Geometry and Algebra II/Trigonometry.

** This course is dedicated to geometric concepts and real world applications. This course is designed to meet the needs of the student entering the workforce upon graduation.

→ Indicates Preferred Path - - → Indicates the student Exception

Questions about diversions from this chart must be discussed with the current classroom teacher and the Mathematics Department Chairperson. 02/03/2014
