Questions?

Do you have any questions about the proposed draft master plan?

Think about:

What are your overall thoughts on the organization of the campus?
- What works?
- What could be improved?
- Does parking/drop off and circulation work?

Are there any program spaces (indoor or outdoor) that you feel are missing from the master plan?

Do the proposed spaces have the correct adjacencies?
- Are there any spaces that should be together but are not?
