Todd/Frank,

Yet another extremely disturbing piece of information has been given to me, and I have confirmed it with several students that attend May River High School, as well as some other folks. As if the constant distribution of obscene materials to minors was not enough, you are allowing "boys' to use "girls" bathrooms"

May River High School has an "unwritten" policy in place where a student that asks to use a girls bathroom because he wishes to, or "identifies as a girl" is being allowed to do so.

Please explain to me what authority you have under the current South Carolina Laws, to allow a boy to use a bathroom that is labeled for a girl? Also explain who gave you, or any staff at the school, the authority to take away a female's right to privacy because you have decided to implement an illegal and "woke" policy in your school.

Consider this a request under PPRA and FOIA that I am demanding the following:

- Any and all communication to the MRHS staff allowing students to use bathrooms assigned to a gender other than the one at birth
- Name of person that drafted and approved this policy
- Details of the tracking and monitoring of these requests
- Exception to South Carolina Law that was granted to May River High School or Beaufort County School District to allow this violation of the law

Sheriff Tanner,

When is enough going to be enough? When are the laws of South Carolina and Beaufort County going to be enforced in this county and in our schools?

There have been numerous examples of obscene and pornographic materials being distributed to minors in our schools, and several formal complaints made to the BCSD.

Ms.Barton,

Please have someone from the Office of The Governor Contact me IMMEDIATELY on this matter.

Thank you.
