VOLUNTEERS

The district recognizes the valuable contribution made to the total school program through the volunteer assistance of parents and other citizens. In working with volunteers, district staff shall clearly explain the volunteer's responsibility for supervising students in school, on the play- ground and on field trips. On field trips both students and volunteers are to be informed of the rules of student behavior and the means by which they are to be held accountable to those rules.

The superintendent shall be responsible for developing and implementing procedures for the utilization of volunteers.

If volunteers are involved in a project to make physical improvements to the grounds and/or buildings, a Volunteer Project Agreement must be completed and approved prior to the commencement of the project.
