3. SCHOOL DISTRICT HIGHLIGHTS: Dr. Satterfield will address the TN ALL Corps in the Director's Report.

4. PRINCIPALS' REPORTS:

4.A. Trousdale County Elementary School - Ms. Badru discussed student discipline challenges that the school is experiencing in the first grade, which she attributes to the negative impacts of the pandemic. She outlined the school's planning for the upcoming Parent-Teacher Conference that will be held on October 14. She stated that grades K-2 would be holding phone and Zoom conference parent meetings which worked well last year. She stated that grades 3-5 conferences will be conducted in person by appointment only. Ms. Badru stated that the goal was to reduce overcrowding and to increase physical distancing in order to protect staff and parents from potential spread of COVID. Ms. Badru informed the Board about the high-dose Math tutoring program that is presently being utilized in grades 3-5. She stated that the purpose is to accelerate learning in order to address the achievement gaps brought upon by the COVID pandemic. The program has employed three certified teachers that are used to tutor non-proficient math students in a low 3:1 ratio during the school's Tier II intervention time for a minimum of :30 minutes three times per week. Ms. Badru stated that the high-dose tutoring concept has been successful in other areas in which it was piloted such as in first grade reading and in first and second grade summer learning camp.

4.B. Jim Satterfield Middle School – Mr. McCall informed the Board about the school's preparation for the upcoming Parent-Teacher Conference. He emphasized the student data that will be disseminated to parents including Q1 Benchmark and 2021 TCAP student reports along with the new TCAP Parent Portal what will enable parents to track their student's TCAP process throughout their students' educational experience. Mr. McCall stated the school's goal is to provide parents with the district's plan in addressing learning loss due to the negative impacts of the pandemic. Mr. McCall informed the Board that the school would be holding conferences by appointments only to promote social distancing in order to protect both employees and families. Mr. McCall noted that student report cards will be sent home to parents on Tuesday, October 12, with Parent Teacher Conference beginning at 1:00 pm on Thursday, October 14. He stated that the school would be sponsoring a Halloween Dance on Saturday, October 9, but it will be held outside in order to reduce the potential spread of COVID. Mr. McCall concluded by stating that football and volleyball seasons have concluded and that basketball would begin the first week of December.

4.C. Trousdale County High School – Ms. Dickerson discussed the school's planning and preparation for the upcoming Parent-Teacher Conference to be held on October 14 including information about the new TCAP Parent Portal and how the school will social distance in order to reduce the potential COVID spread. Ms. Dickerson noted that the goal is to have positive conversations about strategies to support students going forward. Ms. Dickerson said COVID cases are down to their lowest numbers this school year with only (11) students presently in quarantine. She said that the school has mastered synchronous and asynchronous learning delivery models that are necessary to instruct students when they are quarantined which is often called distance learning. Ms. Dickerson concluded by updating the Board about the volleyball and football teams as well as off-season preparation for basketball season. She noted that the school had (60) students to participate in the ACT retake on Tuesday and that

the school would provide another ACT opportunity for both juniors and seniors on Saturday, December 11, at Trousdale County High.

4.D. Student School Board Representative – Phillip Zarichansky unable to attend.

5. DIRECTORS' REPORT:

5.A. Employment Notifications

Everett, Sheila	School Nurse Assistant
McKee, Beth	Educational Assistant
Harper, April	Teacher, First grade
Baker, James	Non-faculty High School Boys Basketball Coach
O'Saile, Shannon	terminated

5.B. Academic and Goal Updates - Dr. Satterfield emphasized the importance of the upcoming Parent-Teacher Conference to help address learning loss due to the negative impacts of the COVID pandemic. He stated that although there has been noticeable learning loss, the district and schools have an optimistic plan and strategy to catch up student learning over time. Dr. Satterfield stated that the district has four major goals for Parent-Teacher Conference: 1) disseminate the 2021 TCAP Parent Report, 2) disseminate the Q1 Benchmark Report, 3) introduce parents to the new TCAP Family Portal, and 4) provide parents with strategies to address learning loss with their students such as summer learning camp, credit recovery, and TN ALL Corps resources that will be available in 2022.

Dr. Satterfield explained how the district intends to spend 50% of its ESSER 3.0 on academic programing to address learning loss, which will qualify the district for TN ALL Corps. As a TN ALL Corps district, the school district will receive an extra $700 per student per year for the high-dose math tutoring program in addition to online supplemental math, reading, essay writing and ACT supports that will become available early in 2022. Dr. Satterfield emphasized that there is not a "magic bullet" to overcoming learning loss; however, the key is teacher and student attendance and for parents to have students in school every day. He reminded parents of their role in keeping schools open for in-person learning, reminding parents to keep sick children at home, to contact their school nurse when questions arise, and to follow COVID health protocols.

5.C. Project Updates - Dr. Satterfield updated the Board on the elementary school roof and the middle school window replacement projects. Both projects are currently being held up due to materials shortages and work shortages due to the pandemic. Dr. Satterfield estimates that both projects will begin prior to the end of December. He notified the Board that the oxidized aluminum boards on the visitor's side of the stadium would be replaced between October 20 and 29. The football stadium will be completed once the damaged boards are replaced.
