Updated 10/02/2025

Indian Woods Middle School

25 - 26 After School Clubs and Activities

In addition to the Middle School Athletics Program, Indian Woods offers a variety of clubs, activities, and intramural sports.

Battle of the Books
Prep for a quiz bowl type competition against all the SMSD middle schools by reading a few books.
If interested, and participating in a school sport, please see Mrs. Reynolds. The competition will be in December.

Board Game Club
Do you like board games? Dungeons and Dragons? Math puzzles? Come to Board game club and participate in any or all of these!

Coding Club
Students will learn to code, becoming creators instead of consumers. Lots of different platforms to learn throughout the year. Bring your MacBook.

Drama Club
All are welcome to participate in theatre games, improv activities, and hang out with South performance students.

Fellowship of Christian Athletes (FCA)
To bring student-athletes together to strengthen their faith through athletics and have a positive impact on the IWMS community through their actions.

Fiber Club
Want to learn how to knit, crochet, embroider, cross stitch, latch hook and more? Or maybe you already know how but would like a place to hang out and work on your own project--join us!

Garden Club
In this club, students will take care of the Indian Woods' garden plots, grow vegetables, and eat the harvest. Students also learn about different types of plants and flowers.

Green Team
We will take care of plants around the building, mostly indoors. We will propagate and grow our own plants to create a "green" environment here at IW.

GSA
Gay Straight Alliance we provide a safe space to have fun with friends.

Jewish Student Union (JSU)
Students who participate in the Jewish Student Union (JSU) learn about Jewish holidays and do activities together for various holidays. This club is welcome to all students who are interested in learning about Jewish culture.

The Study Den (Homework club)
These clubs allow students to work on assignments in a quiet environment and/or get assistance from a teacher.
Students are responsible for bringing their class materials and snacks are provided.

Student Council
Students fill out applications at the beginning of the school year and are selected to represent their peers on student council.

Tabletop Games Club
An open-format inclusive space for students interested in Dungeons & Dragons and Chess.

Tennis and Pickleball
Join friends on the courts for some friendly, fun tennis and pickleball fun
