Richmond County Schools to open normally on Thursday, January 9

(AUGUSTA, GEORGIA) – The Richmond County School System (RCSS) is aware of the possibility of inclement weather impacting our area this week. After monitoring weather conditions and communicating with local and regional emergency officials, all RCSS schools and offices will operate on a normal schedule on Thursday, Jan. 9. Our school system will continue to monitor reports from the National Weather Service and provide additional updates on operations for Friday, Jan. 10, no later than 2 p.m. tomorrow.

The community can visit our inclement weather page at rcboe.org/weatherupdates and social media profiles for announcements. We remind parents and guardians to update their contact information on the Infinite Campus Parent Portal so they can receive important calls, texts, and emails from the school system. Visit rcboe.org/parentportal to learn more.
