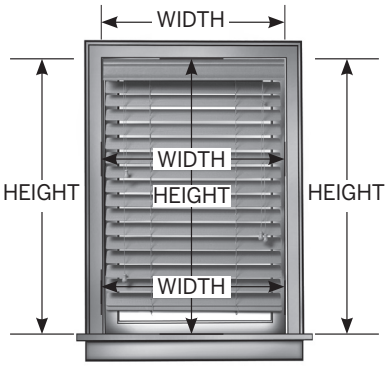
How to Measure

INSIDE MOUNT INSTALLATION

TO FIND WIDTH
Measure exact distance to the nearest ⅛" between inside surfaces of window frame at the top, middle, and bottom, and use the narrowest width. Do not take any width deductions. Factory will take the appropriate deductions.

TO FIND HEIGHT
Measure exact distance to the nearest ⅛" from inside surface at top of window to sill at the left, middle and right and use the longest height. If you prefer blind not to touch sill, deduct ¼". If there is no sill, measure height to point where blind is to reach.



STANDARD FACTORY DEDUCTIONS FROM ORDERED WIDTH:

Headrail	-½"
Slat Width	-½"
Valance	-⅛"

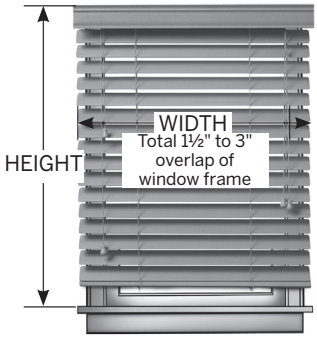
OUTSIDE MOUNT INSTALLATION

TO FIND WIDTH
Measure exact distance to the nearest ⅛" between the outermost points where the blind is to be placed. For optimum light control, this measurement should extend at least ¾" beyond the window opening on each side (or 1½" for the entire width).

TO FIND HEIGHT
Measure exact distance to the nearest ⅛" from where top of blind will be located to top of sill. If there is no sill or if blind is to overlap window frame, measure to point blind is to reach.



STANDARD FACTORY DEDUCTIONS FROM ORDERED WIDTH:

Headrail	-½"
Slat Width	0"
Valance	+1"

VALANCE RETURN MEASUREMENT
To measure outside mount valance return length, measure the inside return length of the valance as shown. Minimum return length is ¾", maximum is 6".

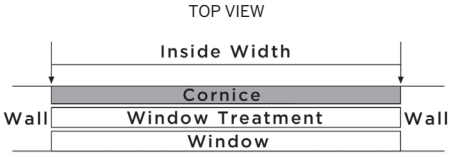
HOW TO MEASURE

NOTE: All cornice measurements are made on the inside (non decorative) face as shown at right.

INSIDE MOUNT (IM) INSTALLATION

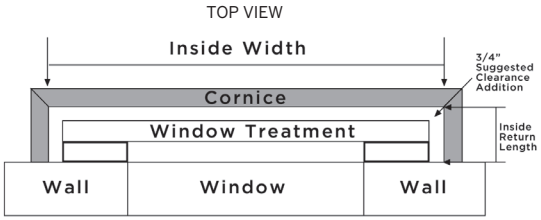
Inside Width: Measure width of opening to the nearest 1/8". We recommend deducting 1/8" from width to ensure clearance. Factory takes no deductions or additions.



Inside Mount (top view)

OUTSIDE MOUNT (OM) INSTALLATION

Inside Width: Measure width to be covered to the nearest 1/8". We recommend adding 1½" (¾" clearance for each side) to cover the widest dimension of any obstruction such as moldings, window treatments including hardware, or draperies. Specify return length. Factory takes no deductions or additions.



Outside Mount (top view)

INSIDE RETURN LENGTH

Measure length to be covered to the nearest 1/8". We recommend adding ¾" for additional clearance to cover any obstruction such as moldings, window treatments including hardware or draperies. Factory takes no deductions or additions.

Cleaning and Care Instructions

Keep your Kirsch® wood and faux wood blinds looking their best by periodically wiping them with a soft cloth, a dusting mitt, or the brush attachment from a vacuum cleaner.

- You can clean the blind hanging in place or you can take it down.
- By tilting the slats down, but not quite closed, you'll be able to clean most of the top surface of each slat.
- Do not use water, solvents, or abrasive solutions to clean the blind. This will cause damage to the blind which is not covered under warranty.
- Premium Hardwood Blinds: In very dusty environments, you may use a non-wax furniture polish to clean the blind.
- Variance and Visions™ Faux Wood Blinds: You may use a soft, lightly dampened cloth to clean your faux and composite wood blinds.
- Blinds with Privacy: Slats can be removed for cleaning. Slide out the slat, wipe clean, and return to its original position.
- With the tighter closure of Privacy, any slight warpage could be noticeable; simply flip the slat over to cover the light gap.

Terms and Conditions

Order Processing

Telephone Orders
Verbal orders are accepted as the store's responsibility. Each order will be repeated back by the Customer Service Representative. In certain instances, we may require written orders.

Duplicated Orders
All orders are confirmed after entry into our system. Kirsch® Customer Service is not responsible for duplicate orders caused by a written order following a telephone order or duplicate faxes.

Changes and Cancellations
All products are custom-made to your specifications under tight deadlines. Once production has begun on your order, changes and cancellations cannot be made.

Contract Orders
All Contract Orders must be processed through Contract Customer Service at 1-800-826-8021.

Freight
- Freight for custom blind orders within the continental U.S. will be prepaid. (Excludes Alaska, Hawaii, Puerto Rico and the U.S. Virgin Islands.)

Claims and Returns

Defective Merchandise
All manufacturing defects must be reported to Customer Service within 30 days of receipt of blinds. We may require the return of defective blinds prior to repair or replacement.

Incorrect Merchandise
If any part of your shipment was made incorrectly, please advise Customer Service within 30 days. A replacement will be made at no charge if the problem was due to Kirsch® error. If the problem was due to dealer or customer error, the original order and replacement order will be full charge.

Returns for Repair
Prior to return for repair, contact Customer Service. We will request the order number, date, purchase order number, and type of product. Arrangements for return will be made at that time with directions as to how the blinds should be returned. The package should be marked for easy identification both inside and outside, and should contain a written confirmation of the verbal repair instructions. Repairs should be packaged carefully. Product that has been mishandled or received in poor condition will be returned to the customer.

Chargebacks for unauthorized repairs or additional installation cannot be honored. All returns for repair are subject to freight charges.

Returns for Credit
Returns can be accepted only if prior authorization has been obtained from Customer Service. Authorization will include instructions as to how the merchandise should be returned. Unauthorized returns will be refused.

Freight Damage FedEx/FedEx Ground:
- If freight damage is visible, refuse the shipment. FedEx will inspect the damage and return to the shipping location. Contact Customer Service for further information.
- If freight damage is concealed, retain all packaging materials and contact Customer Service immediately (must be notified within 14 days).

Freight Damage Common Carrier:
(All shipments FOB shipping point)
- If freight damage is visible, refuse the shipment. The carrier will return the merchandise to the shipping location for inspection. Contact Customer Service for further information.
- If freight damage is concealed, retain all packaging materials and contact Customer Service immediately (must be notified within 14 days).
