Instructions for Families

Dear Families,

Thank you for your continued support as we implement our Emergency Remote Instruction (ERI) plan at Primrose School. We understand that balancing remote instruction with family life can be challenging, and we truly appreciate the effort you are making to ensure your child continues to experience meaningful learning. The instructional day will be a combination of LIVE instruction via Teams and asynchronous work that students will complete off screen.

- Instruction on all Remote Days will begin at 10AM.
- Students will engage in a minimum of two hours of live instruction from the classroom teacher and specialists.
- Your child will need: **District issued iPad, charger, QR code from teacher**

To help your child have a successful remote learning experience, please review the following.

- Ensure your child's iPad is fully charged before each session.
- Choose a quiet, distraction-free location where your child can focus and learn.
- If an adult is assisting, please remain off-screen during instruction.
- Have all necessary learning materials nearby (paper, pencils, crayons, and any materials sent home by the teacher).
- Teams links for all learning sessions can be found on your classroom teacher's SeeSaw page.
- Review Virtual Learning Expectations with your child (e.g., cameras on, microphones muted unless speaking).
- For technical assistance, please contact our Technology Help Desk by submitting a support ticket here.

Thank you again for your partnership and flexibility. We appreciate your commitment to supporting your child's education during this time.

Sincerely,
Katie Winter and Meg Benedetto
