TUITION FEES

The Board of Education will permit students from other school districts to attend Regional School District No. 7 schools when they can be accommodated in existing classes and programs. The students and their sending district shall pay a tuition fee to be established annually by the Board of Education. The tuition fee may be adjusted as changes in costs indicate, unless a multiple year agreement to provide educational facilities is entered into with another Board of Education. The Superintendent may terminate educational services for any student with appropriate notice (of at least 30 days). However, the Superintendent may also terminate services immediately under certain circumstances that involve the safety and/or well being of the students and/or staff in the school program.

Special Programs

1. The Board shall establish a tuition rate for out-of-district students attending the vocational agriculture program that is in conformity with Section 10-65 of the General Statutes.

2. The Board shall establish tuition rates for special education or 504 students attending Regional School District No. 7 specialized programs and services. Tuition for the various special education programs will be based on the overall costs of educational services but may include appropriate administrative costs.
