Dr. Daniel Hornick, Superintendent
Orange County Public Schools
Taylor Education Administration Complex
200 Dailey Drive
Orange, VA 22960

Dear Dr. Daniel Hornick:

This letter is in reply to your request for approval of an alternate program to meet the professional studies requirements pursuant to the Licensure Regulations for School Personnel.

I commend you and your staff for the development of this job-embedded innovative program for your provisionally licensed teachers. This alternate route is a creative approach to the delivery of the professional studies requirements in partnership with iteachVIRGINIA. The framework your division has created for these provisionally licensed teachers through this program will provide crucial support and mentorship to ensure their success in the classroom.

Please keep the Office of Licensure informed about the implementation of this program. Bryan Jackson, Director of Licensure, will be your contact and will support your division in the next steps in processing these license requests. I appreciate your commitment and hard work to bring this alternative route program over the finish line. I hope it will be a model for other school divisions interested in delivering an alternate route to professional studies program.

Thank you for your work on this excellent proposal. I look forward to hearing about the success of the program.

Sincerely,

Dr. Lisa Coons
Superintendent of Public Instruction
