

## **Robert Rutt (Technical Director)**

Robert has been a part of Red Bank Catholics Performing Arts for the past 5 years. He designs our lighting and sets and is also our sound engineer for all shows on the BSA stage. Robert brings with him over 20 years of experience in production management, set design, lighting design and sound design. He has worked for private and public schools as well as numerous community theaters. He has a Bachelors of Technical Design from Ramapo College of New Jersey. He has been nominated for several Count Basie Awards for Lighting Design for both musicals and dramas. Robert received a Basie's award for "In The Heights" at Long Branch HS.
