2026-2027

(ARRANGED BY STREETS)

Updated 06/2026

The street guide can be utilized by the Secondary Schools within the district to determine whether a student's address in within the Hattiesburg Public school district. All elementary principals should use this guide to determine whether a student's address is within their school zone. We encourage all principals and staff involved in enrolling students to take full advantage of this street guide. If there is ever a question about a street, please feel free to call the transportation department to verify.

Thank you for allowing us to serve you.
