GASB 45 AND OTHER RELATED ACTUARIAL SERVICE FOR POST EMPLOYMENT BENEFITS

INFORMATION

In spring 2016, the District requested proposals for actuarial services to maintain compliance with Government Accounting Standard Board Statement #45 (GASB 45) regulations. GASB 45 requires school districts to perform actuarial studies to quantify the future liability of post-employment health benefits. Aquarius Capital was selected as the lowest proposer who conformed to the specifications. An annual contract with Aquarius Capital was started last year and the District was satisfied with the services that were provided. At this time the District wishes to exercise the option to renew the contract with Aquarius Capital for the second year of a five-year term.

Full GASB 45 valuations are needed every other year, so the service to be provided by Aquarius Capital this year is a "roll forward" valuation. Per the original proposal, the rate is $1,500.

RECOMMENDATION

It is recommended that the Board of Education continue the agreement with Aquarius Capital for GASB 45 "roll forward" valuation for the school year that just ended (2016-17) in the amount of $1,500.
