“As an international student at FCS since ninth grade, I’ve had an enriching student life here, both academically and socially, over the past four years. The teachers are kind and professional in their fields, and the community is diverse, inclusive, and extremely supportive. Every individual – regardless of race, gender or culture – can find their own voice. Along with providing me with the knowledge to pursue my passions and preparing me for college-level study, Friends’ Central also has a highly collaborative environment where a passionate, talented, multifaceted student body constantly supports and learns from each other.” — International Student

At Friends’ Central School, we are dedicated to building a globally engaged community of learners from diverse backgrounds and to giving our students the skills necessary to succeed in a rapidly changing, global world. We welcome and value the talents and perspectives our national and international students bring to our learning environment and strongly encourage applicants from around the world to apply for admission to Friends’ Central School. - The applicant's family is responsible for tuition, books, food, housing, and supplemental costs where applicable.
- International students must live with a host family while attending Friends' Central if the parents/guardians do not plan on living in the United States. Our partner agencies will pair you with a host family.

Admissions Interview:

If it is not possible to arrange a campus visit, we will organize a Skype interview.

Decisions:

- Once the steps have been completed, our Admissions Office will review the student's file. If the student is accepted, we will issue an enrollment contract to the accepted student/family via Ivy International. Please sign the contract and send in the requested deposit, then we will issue the I-20. Once your child has obtained an F-1 Visa, please mail or fax a copy to our Admission Office.

“We have many activities and clubs, and many of them are organized by students. If you like to contribute your power to build the community, then you should definitely come to FCS. The School also encourages students to stand up and speak. Every student's voice is heard and valued. Teachers are very supportive. If students have a question, teachers are very willing to help. There are so many other great things about FCS that I could not tell all at once. If you are curious, why don't you come to visit? I am sure that you will not be disappointed!” — International Student
