Rapides Parish Schools

Parent Advisory Council

Three meetings a year.
Meaningful conversations between Rapides Parish families and district leaders.

Take a seat at the table.

Parents and guardians from schools across Rapides Parish meet with the Superintendent and district leadership to share what families are experiencing, ask questions directly, and offer input on the initiatives that touch their children every day. What members say here shapes what happens next in all 42 of our schools.

HOW MEMBERS CONTRIBUTE

- Weigh in on the educational experience of their child.
- Give district leadership feedback on initiatives, communications, and priorities.
- Carry what they learn back to their school communities as informed, connected voices.
