Note: There are four emergency days built into the calendar, which, if taken, will not be necessary to make up in order to meet the 180-day student year. Please note, for each emergency day not taken, the last day of school for students and teachers shall be reduced by one day beginning June 27. 2013, in reverse order. If additional emergency closing days are needed to be made up, they shall be as half-days, beginning June 28. 2013. Staff must make vacation and personal plans with the understanding that the revised schedule will be implemented as needed based upon whether there are other emergencies, and that the Board will not grant personal leave, without pay for these days. Requests for any other leaves of absence (i.e., sick leave or family illness) on these days may require a physician's verification.
