Describe how the funds received under Prop 28 will be utilized to supplement existing arts education programs.

Proposition 28 funds were allocated to expand and strengthen K-12 music education across AMS. Funding supported three Visual and Performing Arts Teachers on Special Assignment (VAPA TOSAs), one Elementary Music Teacher, one Mariachi Teacher and one shared Band Teacher, increasing access to music instruction and providing additional instructional support across elementary schools.

Proposition 28 funds were also used to purchase Quaver, a standards-aligned music curriculum for grades K-6, providing teachers and students with additional instructional resources. In addition, funds supported professional development for music teachers through participation in the four-day California All-State Music Education Conference (CASMEC), providing opportunities to strengthen instructional practices, collaborate with colleagues, and enhance the quality of arts education provided to students.
