BUILDING A BETTER YOU

The Satellite Center is a unique and authentic educational experience for high school students in St. Charles Parish Public Schools. The center provides a focus on college and career readiness with students concentrating on specific content related to their courses in addition to future-ready skills such as collaboration, critical thinking, communication skills, and work ethic. A strong partnership with business and industry provides our students the opportunity to interact with industry experts as they use their skills and experiences to make important contributions to the world, solving problems and making an impact in their community as they move to the next phase of their lives.
