Focus Areas for Wolf Creek Wolves (MATH):
We will assist our K-5th grade students to become stronger in the content area of math by focusing on the following areas:

- Building fluency with addition, subtraction, and multiplication and developing an understanding of multiplication and division strategies within 100.
- Solve multistep word problems.
- Instruction that facilitates the development of Standards of Mathematical Practices in all students.

School and Family Communication About Student Academic Progress:
Wolf Creek Elementary School, is committed to providing ongoing two-way communication between teachers and parents about student progress/achievement levels as reated to the Georgia Standards of Excellence. Some of the ways that you can expect us to reach out to you are:

- Infinite Campus
- School Website
- Progress Reports/Report Cards
- Parent/Teacher Conferences/Online
- Email/Text Communications
- Student Agendas
- Class Dojo
- Princeipal's weekly newsletter
- Grade Level/Teacher Websites or Blogs
- Curriculum Night
- Telephone Communication

Contact Information:
Ms. Deondra Johnson

SCHOOL-FAMILY COMPACT

K-5TH Grade

Our Mission Statement:

Wolf Creek Elementary is transforming students into globally minded, accountable, lifelong learners and champions who display strong positive leadership skills.

What is a School-Family Compact?

It is written commitment, that is jointly developed, by the members of our school administration, and students, that outlines how we will share the responsibility for improved student academic achievement and our defined partnership expectations. The intent of this compact is to create a bridge for the learning connection between the school and home and ensure that all students are afforded the opportunity to successfully master grade level standards.

Increasing Literacy Skills K-5th Grade

As a school:

- We will provide students and parents with a list of instructionally appropriate books to read at home for a minimum of twenty minutes each night.
- We will provide parents with a list of comprehension questions.
- We will provide academic parent workshops that focus on strategies for helping their child developed reading skills.
- We will provide resources in the Parent Resource Room **BY APPOINTMENT ONLY**, to aid in increasing reading skills.

As a parent:

- I will ensure that my child reads the books provided by his/her teacher for a minimum of twenty minutes each night.
- I will ask comprehension questions while my child is reading.
- I will attend workshops that are offered by the school to obtain information to aid in developing reading skills. If I cannot attend, I will request the strategies presented by the teacher.
- I will take advantage of the resources available in the Parent Resource Room.

As a student:

- I will bring home books provided by my teacher and read them at least 20 minutes per night. I will advise my teacher when I need additional books.
- I will use the comprehension qustions while reading to monitor my understanding.
- I will take advantage of the materials provided at parent workshops that provide strategies to develop reading skills.
- I will encourage my parents to visit the Parent Resource Room to obtain resources to aid in increased reading skills.

What is a School-Parent Compact?

It is a written commitment, that is jointly developed, by the members of our school community, parents, teachers, school administration, and students, that outlines how we will share the responsibility for improved student academic achievement and our defined partnership expectations. The intent of this compact is to create a bridge for the learning connection between the school and home and ensure that all students are afforded the opportunity to successfully master grade level standards.

2026 - 2027
Revised 09/16/2026

Increasing Math Skills K-5th grade

As a school:

- We will provide parents with math learning materials (Extra Math) to reinforce fluency in basic math facts to use with their child for a minimum of ten minutes each night.
- We will provide links on our web page or class newsletter that will feature games that reinforce fluency in basic math fact.
- We will provide a Family Math Night for parents that will allow them to participate in math games with their child and take-home math materials to use with their child. If parents cannot attend, we will provide materials in the Parent Resource Room.

As a parent:

- I will use the math learning materials with my child each night for a minimum of ten minutes.
- I will read the class web page and/or newsletter and have my child visit the Extra Math website that features games that reinforce fluency in basic math facts.
- I will try to attend Family Math Night offered by the school. If I cannot attend, I will ask the teacher for the materials presented at Family Math Night to assist my child at home or visit the Parent Resource Room, OR request by email: johnsond30@fultonschools.org/

As a student:

- I will use my math learning materials each night for a minimum of ten minutes.
- I will visit the Fluency Flight section on I-Ready and play games featured on the sure that reinforce fluency in basic math facts.
- I will use the math materials during math night to help me with the different strategies.
