GENERAL GUIDELINES

In order to be considered for grade level acceleration, the student must receive an 80% on all exams - Language Arts, Math, Science, and Social Studies. A student may not take a CBE for a grade level in which that student is currently enrolled. Placement in a new grade level will only occur at the start of a school year regardless of when an exam for acceleration is taken.

As per testing guidelines, three hours are allowed for each exam. The examinations are purchased from Texas Tech University and thoroughly test the essential knowledge and skills for each grade level subject area.

Study guides can be downloaded at: https://www.depts.ttu.edu/k12/cbe/review/

Score reports are generally available 3-6 weeks after testing and are mailed directly to the school counselors. The counselors will release the scores to the students. All CBEs are considered secure and will not be released to the students and/or parents after the test administration.

There is no fee for CBE testing. Please carefully consider availability during the testing window before completing the registration form.
