Course Explanation

- **Beyond the Core Credit:** This measure is an indicator of a school's CCRPI score and is calculated as the percentage of students earning a passing score in specific courses. Students must take and pass at least one qualifying course each school year for the school to receive Beyond the Core points. Courses that qualify for the Beyond the Core points are indicated with an asterisk on the course offering guide.

- **EIP and REP course numbers:** Please ensure that students enrolled in the EIP or REP service models are selected for these courses based on outlined criteria. **EIP and REP students must be coded in IC enrollment as qualifying and must be served in a course with the .1 course number.**

- **Elective requirements for elementary schools:** All elementary schools, at the minimum, must offer Physical Education, Music, and an elective decided upon by the school from the list of approved additional electives.

- **Elective requirements for middle schools:** All middle schools must have at the minimum, Physical Education, Health, CTAE, and Band. **Personal Fitness (36.0510000) is no longer offered for high school PE Credit in 8th grade.*
