What is it?	Fabens High School is committed to our vision: Fabens High School is to be a student-centered institution of higher learning that will address the needs of its students. We strive to provide high-quality education that is individualized to meet the needs of the community. One way that we continue to do this is by participating in the Title I, Part A State Program. The Title I program provides funding for low socio-economic schools. In return, the campus commits to meet the expectations laid out for Participation schools by the Texas Education Agency and the United States Department of Education. The Texas Education Agency is the state agency that oversees primary and secondary public education. It is headed by the commissioner of education. The Texas Education Agency improves outcomes for all public-school students in the state by providing leadership, guidance, and support to school systems.
Funding	Title I funds will be allocated for the implantation of the parent and family engagement program. These procedures, programs, and activities will be planned with meaningful consultation with the parents of participating children on Wednesday, Sep 2, 2026, from 5:00 PM to 7:00 PM and on Wednesday, February 10, 2027, from 5:00 PM to 7:00 PM.
Review	All use of the funding and planned activities can be reviewed by Texas Education Agency upon request to ensure that they meet the needs of the Parent and Family Engagement Program.
Family Meeting	Parent meetings will be held periodically throughout the school year. These meetings offer the parent and school communities the time to share valuable and necessary information. These meetings will take place in the cafeteria and will be done in both English and Spanish to accommodate all participants. Entry is welcomed through the main entrance.
