Math 7th Accelerated

Erin Hooper
erin.hooper@simivalleyusd.org

This is my 22nd year teaching Math at Sinaloa MS. I'm happy to welcome your child into my class for the 2026-2027 school year. In my class, I create an environment where my students can feel comfortable to be themselves so that learning, sharing, and growing can take place. I strive to reach out and connect with each one of them to build a trusting relationship in hopes they can reach their potential. I have always loved Math so I try to show my students that Math is doable and it can be fun! Together we will build foundations in Math where they can continue to add to it in their future.

Class Specific Information

I. Course Standards/Objectives

Educational standards describe what students should know and be able to do in each subject in each grade. In California, the State Board of Education decides on the standards for all students, from kindergarten through high school. Information regarding specific standards can be found at www.cde.ca.gov. In 2010, more than 40 states adopted the same standards for English and math. These standards are called the Common Core State Standards (CCSS). Having the same standards helps all students get a good education, even if they change schools or move to a different state. Teachers, parents, and education experts designed the CCSS to prepare students for success in college and the workplace." Information regarding specific standards can be found at www.cde.ca.gov

II. Classroom Rules and Student Responsibilities

A. Sinaloa's SABER CODE is the foundation for behavior expectancies on our campus. This Code, along with our standards for citizenship/work habits grades, the school tardy policy, and the school discipline policies, are included in the Agenda book which can be found online at sinaloa.simivalleyusd.org

B. In this classroom students are expected to abide by the Sinaloa Code of Behavior which promotes an atmosphere that is comfortable and positive for learning. Students are expected to be respectful, prepared to learn, and punctual.

1. Students need to be in a seat & ready to work by the time the tardy bell rings.
2. Students need to bring supplies to take notes and participate in class.
3. Students need to write the daily homework assignments in their Agenda Books each Monday for the whole week. The assignments for the week are posted on the whiteboard every Monday in addition to Google classroom.
4. Students are rewarded for positive behavior, high test scores, turning in a certain number of homework assignments, etc. through a prize box

B. Consequences for inappropriate behavior:
    1. Verbal warning to correct negative behavior.
    2. Email / phone call home (documented in AERIES)
    3. Referral to the office and a phone call home.

III. Grading Policy

The student's degree of mastery of the California content standards is the critical element in determining the letter grade in this class. Your student will demonstrate mastery in this class by completing daily warm ups, class assignments, homework assignments, projects, whiteboard practice, quizzes, and tests.

A. Assessments are 80% of their grade and Homework & Class work are 20%
B. Homework is given through Delta Math. Students are given 3 days to complete it.
C. Showing all work, every step of the way is required to receive full credit on homework assignments, quizzes, and tests.
D. I use the standard grading scale: A= 100-90%, B= 89-80%, C= 79-70%, D=69-60%, and F=59% and lower.
E. Grades are updated weekly in AERIES. Students should check weekly.
F. I do not accept late work, with the exception of an excused absence.
G. Students who talk during an assessment will have 10% deducted from their grade the first time as and receive a referral to the counselor. If they talk again, then they will receive a 0%.
H. Plagiarism, using Math apps, and academic dishonesty will not be tolerated. This means no work may be copied in whole or in part from other students or from other printed materials. Students who are caught plagiarizing or cheating will receive an automatic zero on the assignment, quiz, or test; in addition to a referral to the school counselor and a parent contact. Sinaloa's full policy on academic dishonesty can be found in the agenda book.

IV. Textbooks/Materials to Be Used:

1. Student textbook should be taken home and left there.
2. Plenty of lined and graph paper, pencils, and erasers.
3. Any color pen or marker to self-correct daily assignments. Students should use a pen or marker that is a definite contrast to their work.
4. Calculator with a sign change key and a square root key.
5. Notebook binder or spiral notebook
6. Whiteboard markers are suggested, but not required.
