LIL' KNIGHTS CLINICS FAQ's:

Where do the clinics take place?

- Our Lil' Knights clinics typically take place on campus either on our multipurpose field or on our outdoor basketball courts from 2:30PM-3:30PM. Students will be picked up by their coaches from the pick-up line to change and start the clinic!

Who coaches at the clinics?

- High school coaches from Trinity oversee the formation of our clinics. Additionally, members of our high school programs from that particular sport take part in helping coach the clinics as well. Not only does this allow our Lil' Knights student-athletes to receive quality instruction, but this allows them to feel connected to our high school student-athletes further creating a strong community as we strive for camaraderie among all levels within Trinity athletics.

What do I wear to the clinic?

- While each sport may bring unique needs for specific athletic wear, a t-shirt and shorts usually is sufficient! Soccer will also need shin guards and volleyball will need knee pads. Otherwise, other items are completely optional!

What do I need to bring to the clinic?

- It is always good to bring a ball (depending on the given sport) and a bottle of water! Otherwise, other equipment is completely optional.

What is included in the registration fee?

- The registration not only includes quality coaching and introduction to the sport, but all registrants also receive a Trinity athletics t-shirt!

*All registrations must be completed through [TCA Athletics](#) within the given timeframe for registration.

**The Lil' Knights level encompasses grades TK-2nd.

***Please note that all information is subject to change due to unforeseen circumstances.
