Allendale Elementary Site Improvements

Construction Progress Update

Report Date: 11/16/2026 **Prepared By:** Martin Martinez

Reporting Period From: 11/16/2026 **To:** 11/20/2026

1 Summary of Work Completed

- Construction is underway on the Allendale Elementary Site Improvements Project.
- Project improvements include:
  - ADA accessibility upgrades
  - New perimeter fencing
  - New asphalt adjacent to the kindergarten playground
  - New landscaping near the Multi Purpose Room (MPR)
- Since the last update the new gates have been installed by the front entry.
- The paver installation and landscaping inside the planter were completed.
- The irrigation and hydroseed were also completed and installed.
- The remaining windscreen was installed. This covers the front field enclosure and the MPR enclosure as well. The green foliage was installed in the front field enclosure and the right side entry man gate. The remaining foliage is on order and will be installed as soon as it arrives.

2 Photos

Description: The wind screen was installed along with some of the foliage.

3 Construction Alerts

Description: The wrought iron gates were installed. The pavers installation was completed, the landscaping of the planters were also completed. The hydroseed was applied to the front lawn.
