

Now You Can Access Your Family's Immunization Health Records:

Quite often, I have family members call to ask me if I can send them a copy their child's immunization record; to retrieve a record from previous years when their child went to West Wing School. Their intent is to use these records for college admissions, a passport, a new job, etc. Please be advised that you will now have access to these records by utilizing the Arizona Department of Health Services. Just follow the links provided below:

QR Code and Registration Instructions: CLICK HERE

Immunization Record Request Portal CLICK HERE

Immediate Access to your family's immunization without the wait MyIR Website

More Information Resources: BIZS Website

Please note that patient information provided on MyIR needs to match exactly what is in the state record site. If MyIR cannot match someone's information, then they need to contact Arizona Department of Health Services at **602-542-1025** or complete a request on the Immunization Record Request Portal

If you have any other questions, please reach out to me.
