National Junior Honor Society
2025-2026
A&M Consolidated Middle School

Dear Students and Parents,

We are pleased to inform you that your academic achievements have made you eligible to apply for membership in the A&M Consolidated Middle School Chapter of National Junior Honor Society (NJHS).

The National Junior Honor Society strives to recognize the total student— a high academic average alone does not guarantee induction. While you are eligible to apply, **please note that this does not mean you have been accepted into the organization.**

Consideration of candidates is based on the five pillars of the National Junior Honor Society: Scholarship, Service, Citizenship, Leadership, and Character. **The requirements for membership consideration include:**

1. Students must have an overall average of 93%* for the first four six weeks.
2. All Honors/Pre AP/AP courses will be eligible for an additional 10 points per six weeks per course.
3. Students must hand in their **Application & Reflective Essay** by the deadline.

No late paperwork will be accepted.

4. Students who meet these requirements will then be **evaluated by their teachers** on the basis of service, leadership, citizenship, and character.
5. Final decisions on membership are made by an NJHS Faculty Council.

Important dates for students and parents to remember are listed below

Dates	Pertinent Information
February 18th	End of 4th Six Weeks
February 24th	Invitation Letters are delivered to eligible NJHS candidates
February 25th - March 6th	Print Application Forms from the school website or get a packet from Room 228
March 7th by 4:00pm	Application forms are due to the sponsor. This is a strict deadline and must be met for a student to be considered for membership.
Application & Reflective Essay reviewed by NJHS committee	
Week of April 1st	Acceptance or Rejection Letters Delivered
April 14th	Induction Ceremony for new members – April 14th at 6pm @ AMCMS-Big GYM

If students have questions about NJHS membership or the application process, please stop by Mrs. Ramirez's room (228) before/after school or during advisory.

Sincerely,

NJHS Faculty Council

* To figure the average, add together the 28 grades for the first four six weeks and divide by 28. Do not include semester tests or semester averages. Students who are taking Honors/Pre AP/AP courses may add 10 points to their grade for that class per six weeks.

The National Junior Honor Society is a co-curricular activity that actively supports the educational goals of the school. It is open to all students who choose to apply themselves and consequently meet the five established criteria of scholarship, leadership, service, citizenship, and character. The purpose of NJHS is to create enthusiasm for scholarship, to stimulate a desire to render service, to promote leadership, to develop character, and to encourage citizenship in the students of AMCMS.
