Dear Families,

We want to inform you of upcoming adjustments to our elementary school attendance zones, which will take effect for the 2025-26 school year. These adjustments are necessary to alleviate current and projected ongoing overcrowding at Horace Elementary while making more efficient use of available space at Aurora, Deer Creek, and Legacy Elementary.

The School Board discussed the necessary adjustments at their Planning & Development Committee meeting on March 17. The district is now working on maps depicting the proposed new attendance zones for the Hawks feeder system elementary schools; the goal is to have these maps ready to share with families by the middle of next week. The School Board will take final action on these adjustments at their April 14 meeting.

We recognize that families form strong connections with their neighborhood schools, and changes like these can be difficult. Please know that all our schools uphold the same high standards of education, including a common curriculum, equitable resources, shared professional learning for staff, and aligned expectations for learner achievement. The quality of education at West Fargo Public Schools remains consistent across all buildings, ensuring a positive learning experience for every child.

What this Means for Your Family:

- If your address is impacted by the boundary adjustments, you will register your child(ren) at your new neighborhood school in July.
- You may apply for an in-district transfer if you wish for your child(ren) to remain at their current school. However, due to the limited capacity in our southernmost schools, these requests will be reviewed carefully and will likely be denied to ensure we can effectively accommodate all learners within the adjusted boundaries.
- Families with approved transfers must provide their own transportation.

We encourage you to attend one of our upcoming informational meetings on Tuesday, April 1 or Tuesday, April 8. Both sessions will be held at Heritage Middle School from 6:00 – 7:00 PM. These meetings will provide an opportunity to ask questions and gain further clarity on the transition process.

Boundary adjustments are never easy, but together, we will ensure a smooth transition for our learners and families. Thank you for your understanding and partnership as we continue to grow and serve our community effectively.

Sincerely,

Rachael Agre

Assistant Superintendent of Elementary Education
West Fargo Public Schools
