 B₁ = Benchmark Grade
 S₁ = Overall Grade for the Semester

Donna has a grade of A in World History. Donna will earn one credit for World History in Semester 1.

Donna is taking 7 academic courses this semester. That means Donna can earn 7 credits if she passes every class this semester!

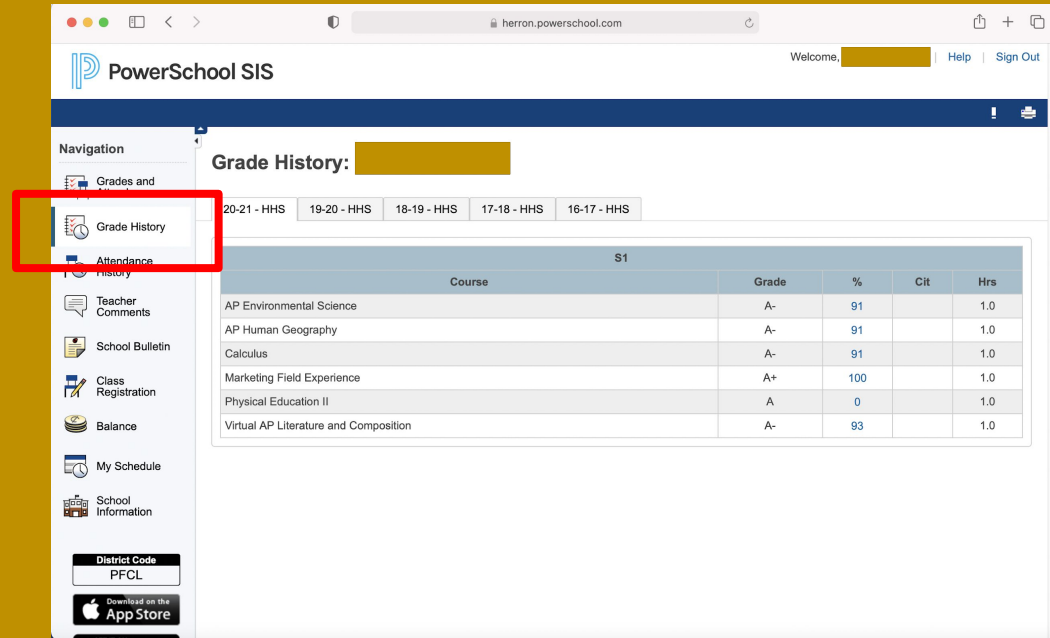

Donna has a grade of NG in Algebra I. Donna will **NOT** earn one credit for Algebra I in Semester 1.

Grade History

When selecting courses for next year, it is important to look at what courses you have already taken.

You can access your grade history in PowerSchool.

Make sure to look at this while making your selections.

The screenshot shows the PowerSchool SIS interface. The navigation menu on the left includes 'Grades and', 'Grade History', 'Attendance', 'Teacher Comments', 'School Bulletin', 'Class Registration', 'Balance', 'My Schedule', and 'School Information'. The 'Grade History' link is highlighted with a red box. The main content area displays the 'Grade History' page for student S1, with a table of course grades.

Greetings!

It is time to begin considering your course selections for the 2022-2023 school year. This is a very important process, as many things will be impacted by the choices you make. The courses you will take will help determine how well prepared you will be for the many opportunities during and after high school. We ask that you take time to consult with your parents/guardians, teachers, friends, and counselor as you make these important choices. Your course selections impact the school's master schedule, so make sure you have thought through your choices and are committed to your selections.

The specific Herron Classical Schools graduation requirements for the diploma options are listed on the following pages to help you plan and meet your goals. **It is your responsibility to make sure you understand these requirements and earn the appropriate grades to achieve your desired diploma.** Please be sure to ask your school counselor if you have questions regarding this information.

We will host two Scheduling Information Nights via Zoom. Please join us to learn about graduation requirements, course offerings, and the scheduling process.

Thursday, January 13th, 6:00 PM

Thursday, January 20th, 6:00 PM

After making course selections, the counselors will meet with every student to review their requests, beginning January 24th. As it is our intent to include the guardian in the student's course selections, final course selections will be distributed in late April/early May for the student's and guardian's final review and approval. If the student and guardian would like to make changes these must be communicated prior to May 20th. Good luck with your course selections!
