General Project Information
2021 BOND

Project: New Elementary School #45 in LUZ 2C/2D

Scope of Work to Include: Construct prototype elementary school designed for 1,280 students

Background & Justification: The site is located east of the Katy Hockley Road and Longenbaugh Road intersection. Growth in the northwest quadrant of the District continues on an annual basis. Construction of this new campus will provide relief to existing campuses that currently house students in surrounding attendance boundaries.
