# General Project Information
# 2021 BOND

**Project:** Natatorium for New High School #10

**Scope of Work to Include:**

- Construct new 25 yard pool with an attached 40 X 60 foot diving well
- Seating for 275 people

**Background & Justification:** New pool size and all appurtenances will match Paetow High School's natatorium.

Texas Education Code Section 45.003 states that certain projects require separate ballot propositions and natatoriums are one of those projects. Therefore, this project will appear separately on the bond referendum as Proposition B.
