General Project Information
2021 BOND

Project: Land

Scope of Work to Include:

- Purchase of land for future elementary school site
- Purchase of land for second future elementary school site
- Purchase of land for a future junior high school site

Background & Justification: In order to open new schools per the current roll out timeline, and anticipating a 2024 bond election, three (3) land purchases will be necessary.

In keeping pace with the rapid development occurring within the District, it is important to acquire available property now, in required locations, for future school district facilities.
