About This School

Mission Statement

At Donald Graham Elementary School, we provide a multi-tiered system of supports to build foundational skills in academics, provide instruction in character, and support social-emotional learning. Providing these skills will allow our students to become life-long learners and productive members of their community.

Vision Statement

Create and maintain a school culture that will help all students achieve success and meet their potential.

Our Belief Statement

We believe all students have the right and ability to learn the necessary knowledge and skills to be successful in future college and career endeavors.

Principal's Message

At Donald Graham Elementary School, we prioritize providing a high-quality learning environment for our students. We utilize a variety of measures and evidence-based instructional strategies to ensure that each student succeeds in a standards-based curriculum. We strongly believe in the importance of partnering with families and the community, as it contributes to the overall success of the students.

One of the most remarkable aspects of our school is our dedicated and caring staff, who work diligently to create a positive and collaborative culture. We have successfully maintained very low student discipline rates by implementing the Boys Town program. We address these skills daily through our morning meetings and reinforce them through social-emotional learning lessons in the classroom.

Combining these efforts has reduced challenging behaviors, improved students' physical and emotional safety, and increased student achievement

Quality, Currency, and Availability of Textbooks and Instructional Materials (School Year 2024-25)

Lake Elsinore Unified School District chooses instructional materials that are aligned with State content standards, present a broad spectrum of knowledge and viewpoints, reflect society's diversity, and enhance the use of multiple teaching strategies and technologies. Materials for grades K-8 are chosen from the State-adopted list. Subject area teachers evaluate and recommend materials for grades 9-12. Curriculum and textbook subcommittees are comprised of teachers (subject or grade level) and administrators. The subcommittee recommends instructional materials to the Curriculum Advisory Committee (CAC), which has representatives from every school. The CAC evaluates and recommends materials to the school board, which gives final approval to all adopted instructional materials. Parents and community members may review adopted materials at the district office. Lake Elsinore Unified School District held a hearing for the sufficiency of textbooks on September 12, 2024.

Each pupil in the district, including English learners, kindergarten through grade twelve, is provided with standards-aligned textbooks or instructional materials, or both, that are consistent with the content and cycles of the curriculum frameworks adopted by the State Board to use in class and to take home.

School Facilities

School Facility Good Repair Status (School Year 2024-25)

To determine the condition of our schools, the district sends experts from the facilities team to inspect them. The facilities team uses a survey, called the Facilities Inspection Tool, issued by the Office of Public School Construction. The latest inspection took place on January 18, 2025. The information from that survey, as outlined below, reflects the condition of our buildings as of the date of the report. Since that time, circumstances may have changed.

System Inspected	Rating	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	**Good**	Vent cover is missing in one room.
Interior: Interior Surfaces	**Poor**	Ceiling tiles broken and have water stains in multiple rooms. Water damage on wall in one room. Linoleum flooring torn in one RR. Wallpaper torn in one room. Cabinet door broken in one room.
Cleanliness: Overall Cleanliness, Pest/ Vermin Infestation	**Good**	No repairs needed at the time of inspection.
Electrical: Electrical	**Good**	No repairs needed at the time of inspection.
Restrooms/Fountains: Restrooms, Sinks/ Fountains	**Poor**	Toilet leaks at fitting in multiple RRs. Drinking fountain has low flow. Multiple faucet s have low flow. Drinking fountain handle broken. Multiple drinking fountains have no flow. Drinking fountain loose at base. Faucet and drinking fountain broken in two RRs.
Safety: Fire Safety, Hazardous Materials	**Good**	Paint peeling on interior walls and ceiling in multiple rooms. Paint peeling on eaves.
Structural: Structural Damage, Roofs	**Good**	One room cracks in ceiling. Dry rot on siding.
External: Playground/School Grounds, Windows/ Doors/Gates/Fences	**Good**	Trip hazard on one ramp.
Overall Rating	**Fair 89.12%**	

School Facility Conditions and Planned Improvements

Our school opened in July of 1993. We have a combination of permanent and portable buildings, a library, a computer lab, and a multipurpose room. In addition, we have athletic facilities, including a gym, and outside courts and fields. The school currently houses approximately 500 students.

Cleaning Process, Maintenance, and Repair

The Lake Elsinore Unified School District (LEUSD) is dedicated to upholding a safe, secure, and visually pleasing environment for our students. The LEUSD Governing Board has established cleaning standards for all schools within the district. A summary of these guidelines can be obtained from the school office or the District Office. The principal collaborates daily with the custodial team to create cleaning schedules that guarantee a clean and safe school environment.

In addition to providing district-level support for routine and periodic maintenance, LEUSD maintains high standards for the cleanliness, appearance, and overall condition of all campuses on a daily basis. These standards are upheld through the combined efforts of students, staff, day custodians, evening custodial crews, and the District Maintenance Department.

Site administrators, custodians, and district personnel conduct regular physical inspections to ensure safety and maintenance requirements are met. The district's maintenance staff ensures that any necessary repairs to maintain the school's good condition and functionality are promptly addressed. A streamlined work-order process is employed to ensure efficient service, with emergency repairs receiving top priority. LEUSD consistently evaluates maintenance, modernization, and new construction needs. Any pesticide usage at our school sites adheres to the Healthy Schools Act of 2000.

Pupil Outcomes

State Priority: Pupil Achievement

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready: The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

School Safety

SB187 Safety Plan

Date the plan was last approved: 10/25/2024

Date the plan was reviewed by staff: January 2025

The Comprehensive Safe School Plan includes data regarding crime, safe school procedures, and compliance with laws including (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) school-wide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5, and (10) lockdown procedures. In addition, a copy of the plan is available for inspection by the public at each school.

The Safe School Plan (SSP) is updated annually at each site to address components the site will proactively seek to improve regarding student and staff safety. The SSP is available to the public on our website. Upon inspection of school grounds and input from educational partners, we have purchased and begun installing privacy window film in occupied classrooms throughout our campus. The film allows for visibility out of the classroom, significantly reduces visibility while looking in, and provides a pleasant atmosphere. The films will continue to be installed throughout the year. Additionally, the film should allow for reduced heating and cooling needs.. In addition, we have provided all staff with Hex Keys, which will allow for locking the main building doors. Doors are to remain locked (except for morning ingress), and this will allow any staff who notices to lock the door should it be left unlocked for any reason. C building is re-keyed, so any teacher's key will work to open the C-Building.

We would like to provide buckets, privacy, and restroom supplies to all classrooms in the portables area and several setups for the main building in the case of an extended lockdown so that students have access to a restroom. Additionally, the team believes refreshing the emergency backpacks would be beneficial.

Fire drill evacuations are conducted monthly at all elementary and middle schools and twice a year at the high schools in the district. The Riverside County Fire Department conducts a fire safety inspection annually, while site personnel conduct site inspections regularly. The school's Disaster Preparedness Plan is updated annually, and disaster drills are conducted four times per year at each elementary school and middle school and once each semester at the high schools.

Currently, the District provides storage areas for emergency supplies to be kept on campus in the event of a disaster. A radio communication system allows for continuous communication with the district office in the event of a disaster.

A Crisis Intervention Team has been identified and trained to deal with stress experienced by students and staff because of a crisis. Team members are called upon to assist across the district as necessary. School Resource Officers provide prevention and intervention procedures on all LEUSD campuses at least part-time as part of the comprehensive School Safety Program.

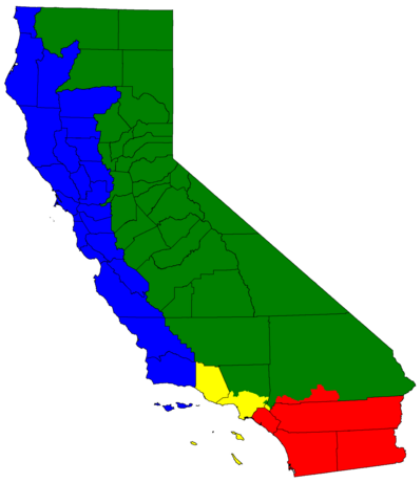
Professional Development

Measure	2022-23	2023-24	2024-25
Number of school days dedicated to Staff Development and Continuous Improvement	2	2	2

Each year, LEUSD strongly supports and encourages teachers, administrators, and support staff to participate in professional development on a regular basis throughout the school year. LEUSD's first priority is to assist teachers and classroom Para-Educators. Workshops and trainings scheduled throughout the year are based on the academic needs of students. Offerings include data analysis, curriculum and content knowledge, Standards-based instruction, instructional strategies, and leadership skills. After initial training, follow-up and coaching take place district-wide. The district aims to provide teachers, administrators, and staff opportunities to meet all students' learning needs. Staff members are encouraged to use SCHED to sign up for professional development opportunities. These sessions are created based on educator feedback gathered from surveys, questionnaires, and data analysis.

SARC Overview



By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at **www.cde.ca.gov/ta/ac/sa/**.

For more information about the LCFF or the LCAP, see the CDE LCFF web page at **www.cde.ca.gov/fg/aa/lc/**.

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at **dq.cde.ca.gov/dataquest/** that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) **www.caschooldashboard.org/** reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines outlined in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have completed specified college course work, be eligible for admission to the UC. These requirements ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at **https://admission.universityofcalifornia.edu/**.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students living outside the local area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at **https://www2.calstate.edu/**.
