REFERENCE SHEET

Student Dashboard

This reference sheet is designed to help you navigate and understand how to use the student dashboard.

Navigation:

1. Students can use the bottom navigation to access **To Do**, **My Progress**, **My Stuff**, and **Learning Games** screens.
2. Family members can click the **Family Center** icon to learn more about how to support and encourage their child's success with *i-Ready*.
3. Students can click the **X** to log out.

To Do screen:

4. **Teacher Assigned:** Students can access assignments by clicking on them in their To Do screen.

4a. Assignments are **prioritized by due date** if set by the teacher.

4b. Students in Grades 3+ can use this toggle to see **Current** or **Past Due** assignments.

4c. Using the scroll bar, students will see up to five **Current** assignments and five **Past Due** assignments at a time.

Note: Students in Grades K–2 will see up to two Current assignments and two Past Due assignments at a time. *Use the down arrow to view Past Due assignments (not pictured).*

5. **My Path:** The Diagnostic will appear here when the teacher assigns it. When the student completes the Diagnostic, *i-Ready*-Assigned Lessons will appear here.

Note: Students in Grades K–2 have a developmentally appropriate interface. Certain features may vary in their presentation from the above image. The assignments and assessments a student sees on their dashboard are dependent on what has been assigned to the student by the educator as well as the student's personal learning path.

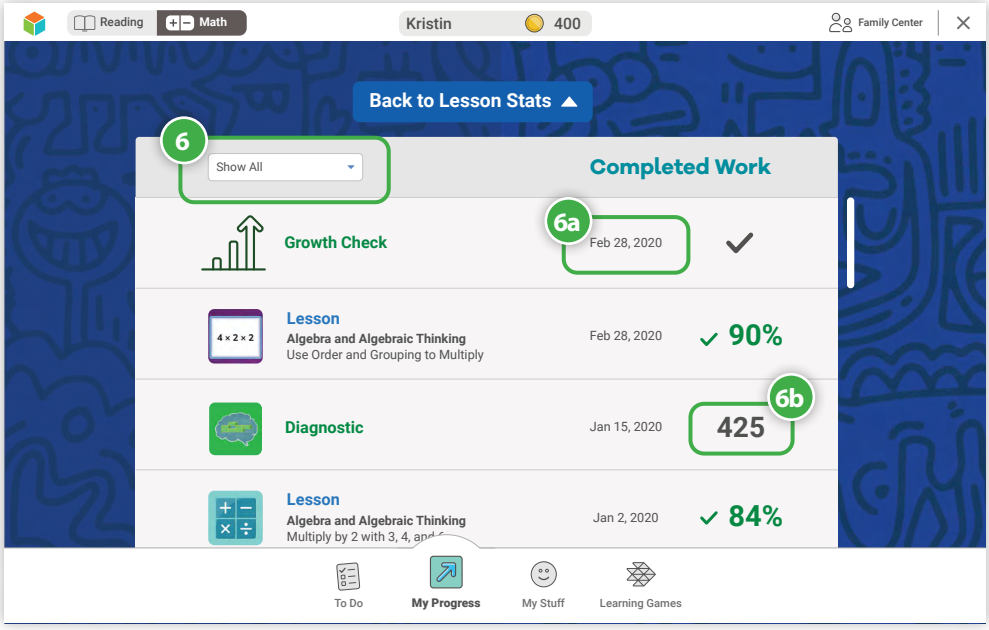
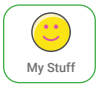
My Progress screen:

6 Students can use this **dropdown** to view their completed assignments. If filtering by completed lessons, students can further filter completed lessons by domain.

6a Students see the **date of completion** for completed work.

6b Students see their **scores** from the Diagnostic.





My Stuff screen: Students click this icon to select background themes and Study Buddy characters for Grades K–2.

Learning Games screen: Students click this icon to access playful fluency practice, allowing students to explore essential skills in a low-stakes setting.
