Hello

Here's the notice that I gave to head of District security.
It was sent in September of 2024.

I'm not required to give anyone specific notice on a specific day nor am I required to get permission from anyone either.

I'm sorry you all had to witness this. But every parent, with a child in South Carolina public schools, has a right to be at a school improvement council meeting unless there's a court order prohibiting it.

We all have the same rights to participate in [redacted] education unless ordered by the courts.

Out of respect for all of you, and in order to allow you all to proceed with the meeting, I left.
I didn't want to take up everyone's time going back and forth with Mr Austin and delaying the meeting.

If anyone would like to have a conversation with me about this I'm comfortable talking about it.

Thank you
Dave Cook

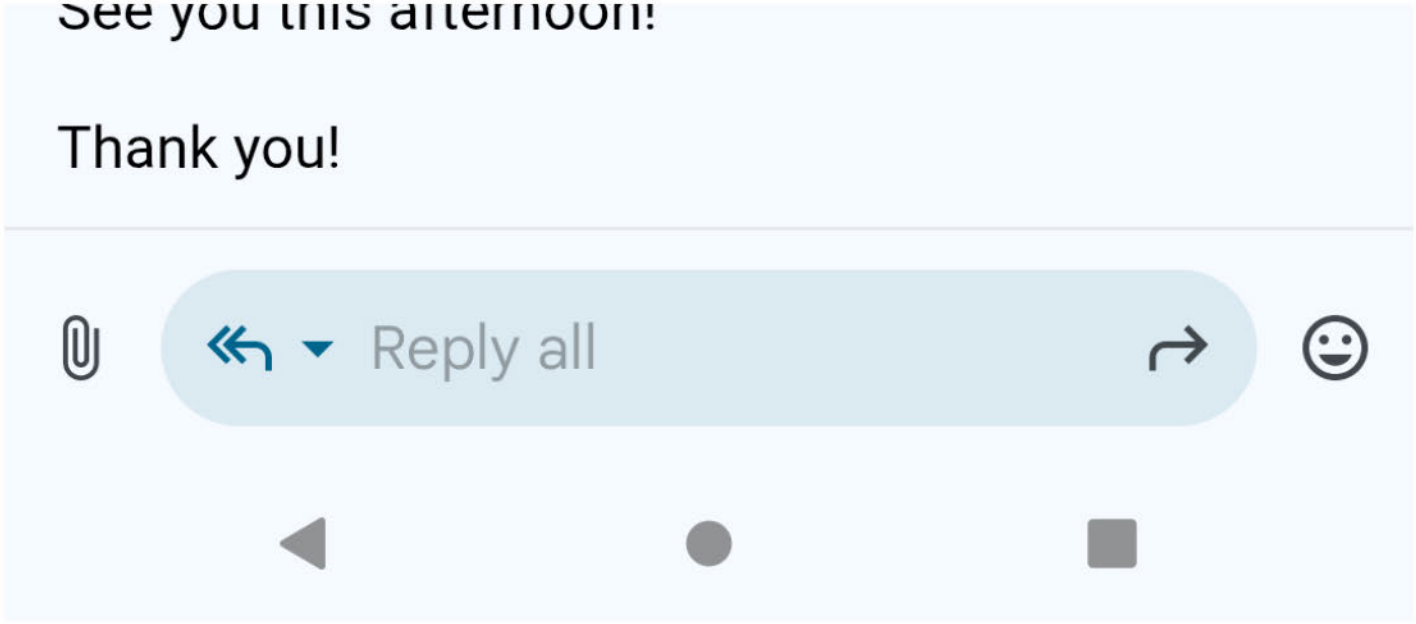
Good afternoon Mr Austin,

As I indicated last year to the district main office and Mr Grissom, I will be attending all events at [redacted] Hilton Head Island Middle School, from this date, today, through June 2027.

This is the same notice that I gave to Mr Grissom last year so if he needs to provide for any type of notice to you and your staff, this serves as my notice to him that I will be attending events at the middle school including but not limited to [redacted] athletic events, special events, Rallys, ptso meetings and school improvement council meetings, as well as the occasional drop off of [redacted] and any events open to [redacted] the public.

See you this afternoon!



See you this afternoon!
Thank you!

These bylaws are based on the state requirements for SIC elements, so much of what's there is required, but there were a few things that needed to be updated.
