Submission date:

Intended Implementation date:

Case ID:
SC017735

Wingate University is providing a late teach-out plan to close the Central Piedmont Community College off-campus instructional site. The site was approved to teach undergraduate courses on November 16, 2005, but no students were ever enrolled and no courses were ever taught at the site.

Students were never enrolled at the site. Since no students were ever enrolled, no plans for program completion were necessary. Also, since no students were enrolled, students did not incur any additional charges. No faculty or staff members were affected by the site closure.

When an institution closes a program or instructional site, it has an affirmative obligation to seek closure approval from the Commission at the time the closure decision is made and prior to the cessation of instruction. The closure date is the date students are no longer admitted.

The Board of Trustees of the Southern Association of Colleges and Schools Commission on Colleges approves the late closure of the Central Piedmont Community College off-campus instructional site (OCIS).

Should you need assistance, please contact Dr. Crystal A. Baird at (404) 994-6576 or via email at cbaird@sacscoc.org.

Please include the Case ID number above in all submissions or correspondence about this substantive change.

Sincerely,

Belle S. Wheelan
