Dear Dr. Brown:

Thank you for submitting the following substantive change:

Substantive change:
Cooperative Academic Arrangement Title IV Entities
Bachelor of Science (BS) in Biology with Emphasis in Medical Laboratory Science
Submission date:
8/14/2023
Intended Implementation date:
8/18/2023
Case ID:
SC023338

The institution has entered into a cooperative arrangement with Carolinas College of Health Sciences to offer the Bachelor of Science (BS) in Biology with emphasis in Medical Laboratory Science. As affirmed, the institution will record credits under the arrangement on the academic transcript as earned at Wingate University. Also as affirmed, the institution could not deliver the program without the arrangement, and a list of courses as part of the arrangement was included. Carolinas College of Health Sciences is certified to participate in Title IV programs as evidenced by its inclusion in the 2023-2024 Federal School Code List of Participating Schools on the U.S. Department of Education Federal Financial Aid website (unique identifier number included).

A copy of the signed/dated agreement was provided. Provisions of the agreement outlined responsibilities for both parties and included admissions criteria for acceptance, delineation of course credit granted by Wingate, duties of the Coordinator of educational programs (Wingate), cost and fees, and other salient issues. The agreement may be renewed on an annual basis, and contact information for both parties was provided.

We accept notification of the cooperative academic arrangement between the institution and the Carolinas College of Health Sciences to offer the Bachelor of Science (BS) in Biology with emphasis in Medical Laboratory Science.

Should you need assistance, please contact Dr. Denise Y. Young at (404) 492-5386 or via email at dyoung@sacscoc.org.

Please include the Case ID number above in all submissions or correspondence about this substantive change.

Sincerely,

Kevin W. Sightler, Ph.D.
Director of Substantive Change
