CLASSROOM GUIDANCE

Classroom lesson topics address academic, career, and emotional/social skills and are aligned with state and national standards.

SMALL GROUPS

Throughout the year, I teach skills and strategies in small group settings, allowing students to share ideas and offer support through discussion and activities. Groups include skills-based (social/friendship, study skills, emotion identification/regulation) and social/emotional support. Groups are preventative and developmental. Please let me know if you are interested in a small group for your child!
