

THE INTEGRATED MATH PROGRAM:

The Integrated Math Program at Roland Park Country School is a three year sequence intended to prepare students to study college-level mathematics as seniors. The sequence provides learning experiences equivalent to traditional courses in Geometry, Algebra II, Trigonometry, and Precalculus. In addition, it provides students with significant experience in Probability, Statistics and Data Analysis and includes technology and writing components. At the end of the sequence, students choose from AP Calculus (AB or BC), AP Statistics, or a wide variety of rigorous non-AP options.

THE HOLLIDAY HEINE STEM INSTITUTE:

The Holliday Heine STEM Institute strives to foster the confidence, passion, persistence and curiosity to explore the empirical world and to develop innovative habits of mind. Participants will develop the necessary ethical, analytical and creative reasoning skills to pursue interests and prepare for careers in STEM disciplines. To earn Certification, students must complete a set, rigorous curriculum in math and science and a series of semester-long research apprenticeships, as well as a research project during a summer internship.

THE WORLD LANGUAGE CERTIFICATE PROGRAM:

The World Language Certificate recognizes students who demonstrate a commitment to global citizenship by concentrating their academic program in foreign language. To earn Certification, students must formally study two languages beyond the beginning level and must complete an experience that extends language study to other areas of the student's life in order to demonstrate the relevance of language acquisition in today's global society. Two of the following languages may be chosen: Ancient Greek, Arabic, Chinese, French, Latin, Russian or Spanish.

FINE ARTS CERTIFICATE OF DISTINCTION

The Fine Arts Certificate of Distinction recognizes the dedication and unique artistic journeys of our students. To earn certification, students must complete eight semester-long arts courses and one year of a full-time advanced level arts course or six semester-long arts courses and two years of a full-time advanced level arts course, earning a minimum cumulative arts average of 90%. Additionally, students must complete a department-approved apprenticeship, internship, or service-learning project, as well as a digital arts portfolio, an Artistic Reflection, and Capstone Project presentation. Participation in numerous performances/exhibits throughout high school is required to showcase their talent mastery.

THE GORE LEADERSHIP INSTITUTE:

The Gore Leadership Institute equips our students with the tools to innovate and create positive change in the world of today and tomorrow. Through academic engagement, community outreach and personal reflection, the program cultivates one's ability to lead change for the good of the community. With an emphasis on ethical leadership, experiences foster creative problem solving, wellness and diversity, equity, and inclusion—all of which are integrated into our Upper School leadership curriculum.

THE SUMMER INTERNSHIP PROGRAM:

The RPCS Summer Internship Program connects rising seniors with professional internship experiences in a wide range of career fields including medicine, law, computer science, social work, finance and many more. This program speaks to our vision for an RPCS education that connects classrooms to communities and equips our students with the future directed skills that enable their success at RPCS and beyond into their professional journeys.
