2024-2025 School Accountability Report Card
(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/.
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/.

2025-26 School Description and Mission Statement

Wilson School is located at 801 W. Wilson Street in the City of Costa Mesa. Wilson Elementary serves over 300 students in Transitional Kindergarten through sixth grade with an additional 15 students in our preschool. Students from diverse backgrounds attend Wilson Elementary.

Staff, parents, and students all work collaboratively to ensure that academics and social emotional well-being of students lead to a sense of belonging, a celebration of diversity, and a love of learning. Wilson provides a learning environment that supports students in these goals in various ways. In order to help our students develop as good citizens, we foster positive and collaborative relationships among teachers, students, staff, parents, and the community. Wilson implements Positive

2025-26 School Description and Mission Statement

Behavioral Implementation and Supports, that amplify positive behaviors and expectations at our school. Students demonstrate ROARS (respect, ownership, attitude, responsibility, and safety) while on campus, and earn Wildcat Tickets when displaying these character traits. They then use them to buy knick-knacks and experiences like Lunch with the Principal from the PTA and Community Donor-sponsored ROARS Store. Our full time counselor provides Tier 1 SEL lessons as well as individual and small-group counseling support for students. Excitingly, 2 students from each class are recognized from each class--one for academic excellence and one for good character--each month at our Wildcat Awards Assembly. Various parents are also recognized for their excellence in parent partnership during the assembly.

In order to help students achieve academic success, teachers and support staff analyze assessment data, have bi-monthly Professional Learning Teams meetings where teachers discuss and share best instructional practices, and Staff Meetings and Professional Development focused on academic growth in all subject areas. Students have 1:1 technology in grades Kinder through sixth to provide accessibility to the Internet, online curriculum components that support our literacy program, and additional programs that support academics and language development. All K-2 students engage in daily Heggerty phonemic awareness lessons, Bridge to Learning, and utilize Lexia to enhance foundational skills development. In all grades, Wilson Elementary provides WIN (What I Need) time, where students are placed into small groups dependent on need. Groups are fluid and change as students achieve mastery of the various skills. Students participate in weekly music, science lab, library, and PE. All students have access to dance, music, sports, culinary arts and STEM enrichment opportunities through our after school enrichment program, CARE. All students also participate in art enrichment with the Art Masters program twice a year, in addition to a shared one-semester Theatre teacher.

At Wilson Elementary, we are also committed to fostering strong partnerships with our families and community by engaging with the community through free farmers markets and other food resources for our families, and by working with various organizations, including the Costa Mesa Police Department, that donate to our families. We also make a point to offer workshops designed to support and empower parents. Through programs like Disciplina Positiva, we provide valuable tools and strategies to promote positive parenting and student success. Additionally, our Coffee with the Principal meetings offer a welcoming space for parents to engage in meaningful conversations and learn about instructional and informational topics that impact their children's education. Together, these opportunities strengthen our school community and ensure our students thrive both academically and socially.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Newport-Mesa Unified School District follows the state's curriculum cycle to adopt/approve updated, high quality textbooks/instructional materials. Students are provided with an adequate supply of Board-approved textbooks/instructional materials for all subject areas. The reading/language arts and mathematics curricula are aligned with district and state content standards. Teachers also select supplementary instructional materials to meet the specific needs of their students. History/Social Science and Science curriculum instruction are aligned with district and state content standards. Individual schools support instruction by providing technology and a library/media center. Internet access is available in the library/media center and in all classrooms. Teachers and administrators have been trained to use technology and the internet as an instructional tool in the classroom. Each school continues to develop a way of integrating technology into curriculum and instruction.

School Facility Conditions and Planned Improvements

WILSON - 33,600 Classroom Sq. Ft.

This school was built in 1957. There are 22 permanent classrooms, a multi-purpose room and an administration building. 13 portables were constructed between 1996 and 2000. 2 of the portables were replaced with new units and one additional was placed in 2004. The school was modernized in 2004. Fans/AV, fields and exterior painting were all updated in Summer 2025.

135 work orders were completed for Wilson in the 2024-2025 fiscal year. The site was last inspected on 07/08/2025.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Wilson has provided many opportunities for parents and the community to become involved:

- Parent Teacher Association (PTA)
- English Learner Advisory Committee (ELAC)
- School Site Council
- Positive Parenting Classes and School Readiness Classes (Disciplina Positiva)
- Family Curriculum Events
- Parent Phonics Classes
- Latino Family Literacy Workshop
- Counseling
- Back to School Night
- Seasonal Festivals (Fall, Winter, Spring)
- Open House
- Wildcat Award Assemblies
- Classroom and Field Trip Volunteer Opportunities
- Parent Teacher Conferences
- Coffee with the Principal
- School Events (Movie Nights, Family Literacy Night, Trunk or Treat, Winter Festival, STEAM Night)

For more information about opportunities to become involved in the school, please contact the School Community Facilitator, Mr. Walter Forcatto (949) 515-6995.

2025-26 School Safety Plan

State education code requires schools to review and update the Comprehensive School Safety Plan (as needed) at least once each year. These plans must be submitted to the local Board of Education for adoption by March 1st. In Newport-Mesa Unified School District, plans are reviewed with staff at the beginning of the school year, evaluated and revised December through January, then submitted to the Board of Education in February. By following this cycle, schools open each August with a fully approved Comprehensive School Safety Plan in place for fall-winter and allows for training and adjustments through mid-year.

Creating and maintaining a safe and orderly environment is essential for learning. We maintain a comprehensive school safety plan and have emergency preparedness coordinators to train and instruct our staff. Our safety plan addresses disaster preparedness, personal characteristics of students and staff, school rules, routines and procedures, and Wilson Elementary physical and social environment. Our school safety team meets to address safety issues for students and employees. Wilson Elementary participates in school-wide fire drills every month and intruder and earthquake drills at least two times each year.

The 2025-2026 School Safety Plan was approved by the School Site Council on February 4, 2025 and approved by the Local Board of Education on February 11, 2025. The plan was last updated and reviewed with faculty on August 13, 2025.
