Custody Papers / Court Documents

It is the intent of the Blacklick Valley School District to remain neutral towards families split by divorce or separation. We do not want to take sides with one parent against another where there may be possible conflict over children attending school in this district. If you have a court decree, which establishes you as legal guardian, you will want to provide the district a copy of such document for attachment to your child's permanent record. We will use this as a legal base for working with the custodial parent.

In the absence of such a document, you must be aware that we cannot deny either parent access to his/her child. We cannot withhold information or refuse to see or work with the other parent. We cannot keep the other parent from picking up his/her child school.

The Blacklick Valley School District wants to protect all children from emotionally-upsetting situations.

Please check if there is such a document in place, and **provide a copy to the school**.

☐ Yes, such document is in place and I will provide a copy

☐ No, there is no legal document in place
