

3041 GRANTS AND GIFTS - DEVELOPING AND MANAGING PROPOSAL

The School District supports the development of special and general proposals for acquiring and managing grants, gifts, and other monies with the purpose of providing a better education for learners. Due to the uniqueness of the School District, the School Board realizes that various fundings are necessary to bring about the mission of the School District. The School Board realizes that coordination must be done with activities, resources, and finances of proposals implemented in behalf of the School District. The School Board further realizes that the following regulations are necessary to implement and manage this policy.
