

3065 VENDING MACHINES AND RELATIONS WITH VENDORS

The School Board wishes to maintain good working relations with vendors who supply materials, supplies, and services to the school system. Constructive efforts by the administration to seek the advice and counsel of vendors about how to improve such relationships are encouraged.

Vendors who feel the specifications are unduly restrictive are encouraged to bring this to the Superintendent's attention by written communication.

Automatic vending machines or sales, the proceeds of which remain with the School Board, are authorized in any elementary or secondary public school in the city (i.e. sanitary equipment, milk, or other items designated by the School Board).

Automatic vending machines or sales, the proceeds of which physically remain in an individual school yet credited to the district's general fund, may be authorized if the sales supplement rather than conflict with existing School Board programs and policies. Non-conflicting vending machines or sales shall be originated at the discretion of the school principal.

All vending contracts over \$5000 must be obtained based on competitive bids and all contracts must be ratified by the School Board. In the event any vendored or sold items are questioned or disputed as being in conflict with existing School Board programs or policies, the School Board, after proper review, shall make the determination.

Effective for all contracts entered into after June 30, 1995, student picture or yearbook contracts grossing over \$5000 in sales must also be obtained based on competitive bids and all contracts must be ratified by the School Board. In the event any item is questioned or disputed as being in conflict with existing School Board programs or policies, the School Board after proper review shall make the determination.
