

## **5095 STUDENT DRIVING AND PARKING VEHICLES AT SCHOOL**

Students shall be permitted to use properly registered automobiles, scooters, and motorcycles as a form of transportation to and from school. Students must be properly licensed for these motorized vehicles. Non-motorized forms of transportation including bicycles and skateboards are allowed as long as they are used responsibly. The Principal of each school is given the authority and responsibility to regulate and control all forms of transportation to and from school and during the school day so that they are used in a responsible and safe manner.
